Rapid Joint Needs Assessment 2021

ISCG | Inter Sector Coordination Group

Objectives of the JNA?

To provide a shared and rapid overview of the fire incident and the need for assistance that:

- Identifies **priority needs** of the affected population
- Provides **approximate** numbers of affected people
- Identifies severely **affected geographic areas**

Methodology

- Data collection at camp level and sub-block level
- Closed-ended KoBo questionnaire (quantitative & qualitative)
- Key informants (KIs)- male (majhee) and female key informats
- Focuses on Rohingya refugees in Collective sites/camp-like settings

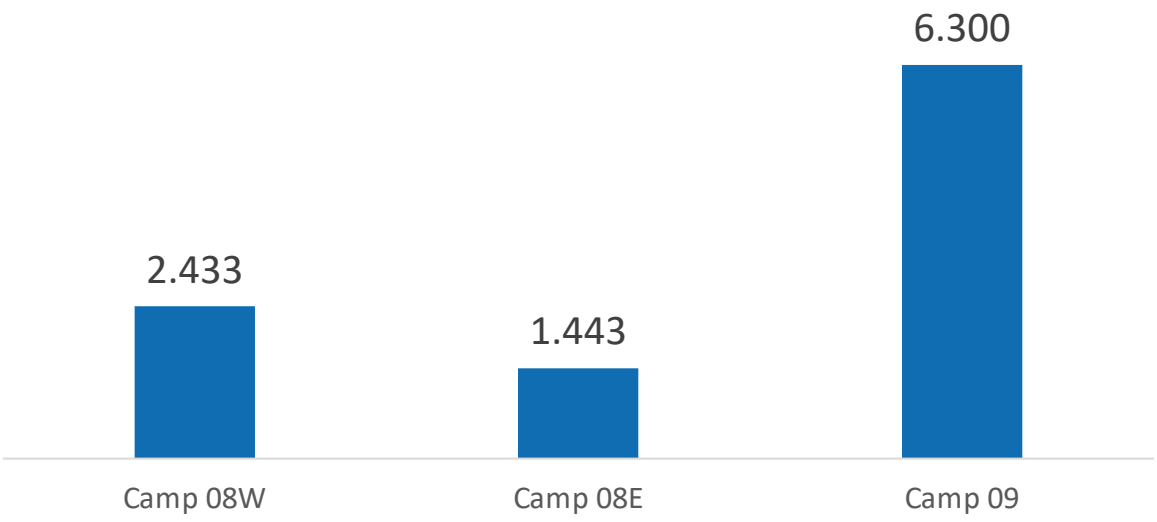
Key Findings

92,000**
Affected Population*

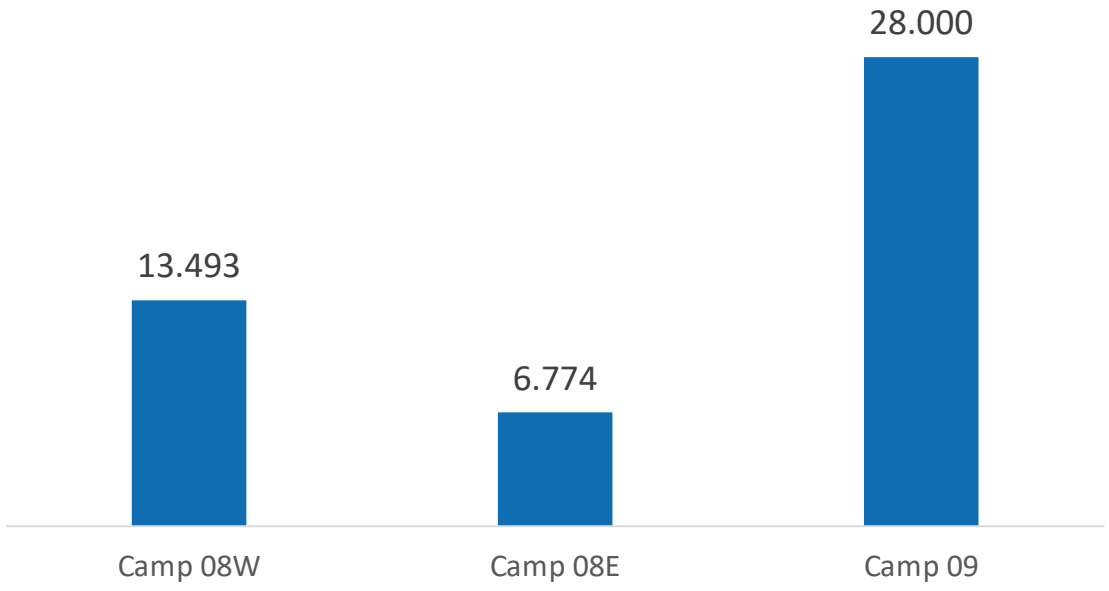
10,100
HH without shelter

48,300
Individuals directly affected

Estimated number of households directly affected by the fire



Estimated number of individuals directly affected by the fire



** Population residing around the fire affected area within 100m buffer zone who's shelters had to be knocked down to create fire breaks and/or were using/ accessing services and facilities in camps 8E, 8W and 9.

ISCG | INTER SECTOR COORDINATION GROUP

Key Findings

Unaccounted individuals and unaccompanied minor

- Camp 9 reported **350 unaccounted individuals** without a clear distinction of **unaccompanied minors.**
- Camp 8W and 8E reported **27 and 22 unaccounted individuals** respectively without a clear distinction of **unaccompanied minors.**

Temporarily displaced individuals

- Camp 9 reported **27,328 individuals** were temporarily displaced
- Camp 8E reported **5,650 individuals** were temporarily displaced
- Camp 8W reported **4,100 individuals*** were temporarily displaced

Access

- Camp 9 site management focal points reported that **car/4X4** can be used to access camps
- Camp 8E and 8W site management focal points reported affected area only accessible **by foot**

** Aggregated from key informant interviews. (Camp 9 & 8E reported through site management focal points)*

Key Findings

Infrastructure Damage

- Camp 9- Every or nearly every (81-100%)
- Camp 8W- About half (41-60%)
- Camp 8E- Some (21-40%)

Shelter Damage

- Camp 9- Every or nearly every (81-100%)
- Camp 8W- About half (41-60%)
- Camp 8E- Some (21-40%)

Damaged Water-points

- Camp 9- Most(61-80%)
- Camp 8W- About half (61-80%)
- Camp 8E- Some (21-40%)

Damaged Latrines

- Camp 9- Every or nearly every (81-100%)
- Camp 8W- About half (41-60%)
- Camp 8E- Some (21-40%)

Damaged Health Facilities

- Camp 9- Every or nearly every (81-100%)
- Camp 8W- About half (41-60%)
- Camp 8E- Some (21-40%)

Damaged Education Facilities

- Camp 9- Every or nearly every (81-100%)
- Camp 8W- About half (41-60%)
- Camp 8E- Some (21-40%)

Key Findings

Damaged Women Friendly Space

- Camp 9- Every or nearly every (81-100%)
- Camp 8W- None or few (0-20%)
- Camp 8E- None or few (0-20%)

Damaged Child Friendly Space

- Camp 9- Every or nearly every (81-100%)
- Camp 8W- None or few (0-20%)
- Camp 8E- None or few (0-20%)

Priority Needs

First Priority Need			
	Shelter	**Food**	**Security**
Camp 08E	High	Low	Low
Camp 08W	High	Medium	Low
Camp 09	Critical	High	Low
Second Priority Need			
	Food	**Shelter**	**Water**
Camp 08E	Medium	Low	Low
Camp 08W	High	Low	Medium
Camp 09	High	Medium	High
Third Priority Need			
	Water	**Food**	**Kitchen Set**
Camp 08E	Low	Low	Low
Camp 08W	Low	Medium	Low
Camp 09	Medium	Low	Medium

- The **first priority** across all camps is shelter, especially in camp 9 which was almost entirely burned to the ground.
- Food is also a very strong priority need, along with water.
- Only two KIs referred to security as a priority need (first priority), while eight referred to kitchen items as a third priority.
- Mental health and trauma support was also not listed as a priority need, despite being identified as one by specialized actors.

Response to Date

Shelter and NFIs

- 8,968 Nine-item emergency NFI kits distributed
- Liquid Petroleum Gas (LPG) distribution ongoing
- Technical damage assessments ongoing

Logistics

- 720m3 of storage space is available
- Skilled labourers and two 5 MT trucks deployed

Health

- 220 staff from MHPSS are active
- IVR messages have been developed
- Four ambulances have been deployed, six are on standby

WASH Sector

- DPHE has deployed six water tankers
- 10,600 emergency WASH kits have been distributed
- Latrines are currently being fitted

Food Security

- Food assistance, reached 10,000 families
- High energy biscuits, hot meals, and dry food rations to over 60,000 individuals

Protection

- Registration documents lost to be re-issued
- The Transit Center was opened for temporary accommodation
- Community protection activated and temporary protection spaces available

ISCG | Inter Sector Coordination Group

Response to Date

GBV

- Over 4,400 dignity kits have been distributed

Child Protection

- Family tracing and reunification ongoing
- Multiple spaces made available to receive separated children

CWC

- Needs-based messaging has been developed and disseminated

Next steps

- Consolidation of emergency relief provided to date
- Detailed report to follow with the JNA findings
- Cleaned dataset and methodology to be shared
- Male and Female KI comparison on needs and perceptions

Assessment Challenges

- Mahjee block vs Sub-block in field
- Access to field
- Interviewing Key Informants (busy)
