YEMEN
FOOD SECURITY
& AGRICULTURE CLUSTER

# 1. Review of previous meeting action points

❖ Partners planning to respond in Hajjah (including FSAC and IDPs in collective locations) are asked to coordinate their plans before implementation to avoid overlapping.

- Standing out action point.

❖ Partners must communicate updates and issues to FSAC on time to ensure timely information sharing and challenge resolution.

- Standing action point.

- All FSAC partners should adopt this transfer value. If a partner cannot implement the amended transfer value owing to operational reasons, they should contact the Cluster for project-specific advise.

- Ongoing.

❖ FSAC partners have planned livelihoods, FFA, and CFW programs in flood-affected areas to prioritize communities' interests and preferences.

- Standing
