

IPC Acute Food Security Situation as per FSNAU Jilaal Assessment

NB: IPC Map revised seasonally based on outcome of FSNAU assessment results i.e. February and August

Strategic Objective 3 Update

Conditional assistance in April increased by about **47,000** beneficiaries compared to last month.

The partners have assisted about **123,706** people in April out of the **1,354,324** targeted beneficiaries (9% of the target). Cash for work/training, food for asset and training of various group were the key activities of conditional transfer.

PENHA (37%, WFP (17%) and CARE (15%) contributed with the highest margin while the remaining fourteen (14) partners have delivered assistance to the remaining 31% of the beneficiaries collectively
