 - NGO «Office of Perspective Development»
 - Relief Coordination Center
- 6 Election Process
- 7 АОВ

Introduction of the Participants

General Overview of the FSLC in Ukraine

The Food Security and Livelihoods Cluster (FSLC)

engages with hundreds of implementing partners, advocating for improved coordination, information flow and matches requests from Oblasts for the most vulnerable population groups affected by the ongoing conflict in Ukraine.

The four guiding outcomes of the FSLC are:

- 1 strengthening food security information for decision making;
- 2 proactively steering food security response coordination;
- 3 improving monitoring and evaluation systems and accountability systems to improve program quality;
- 4 scaling up advocacy, communication, and resource mobilization.

CO 1

FOOD ASSISTANCE

Ensure immediate access to food for food insecure people through life-saving assistance

CO 2

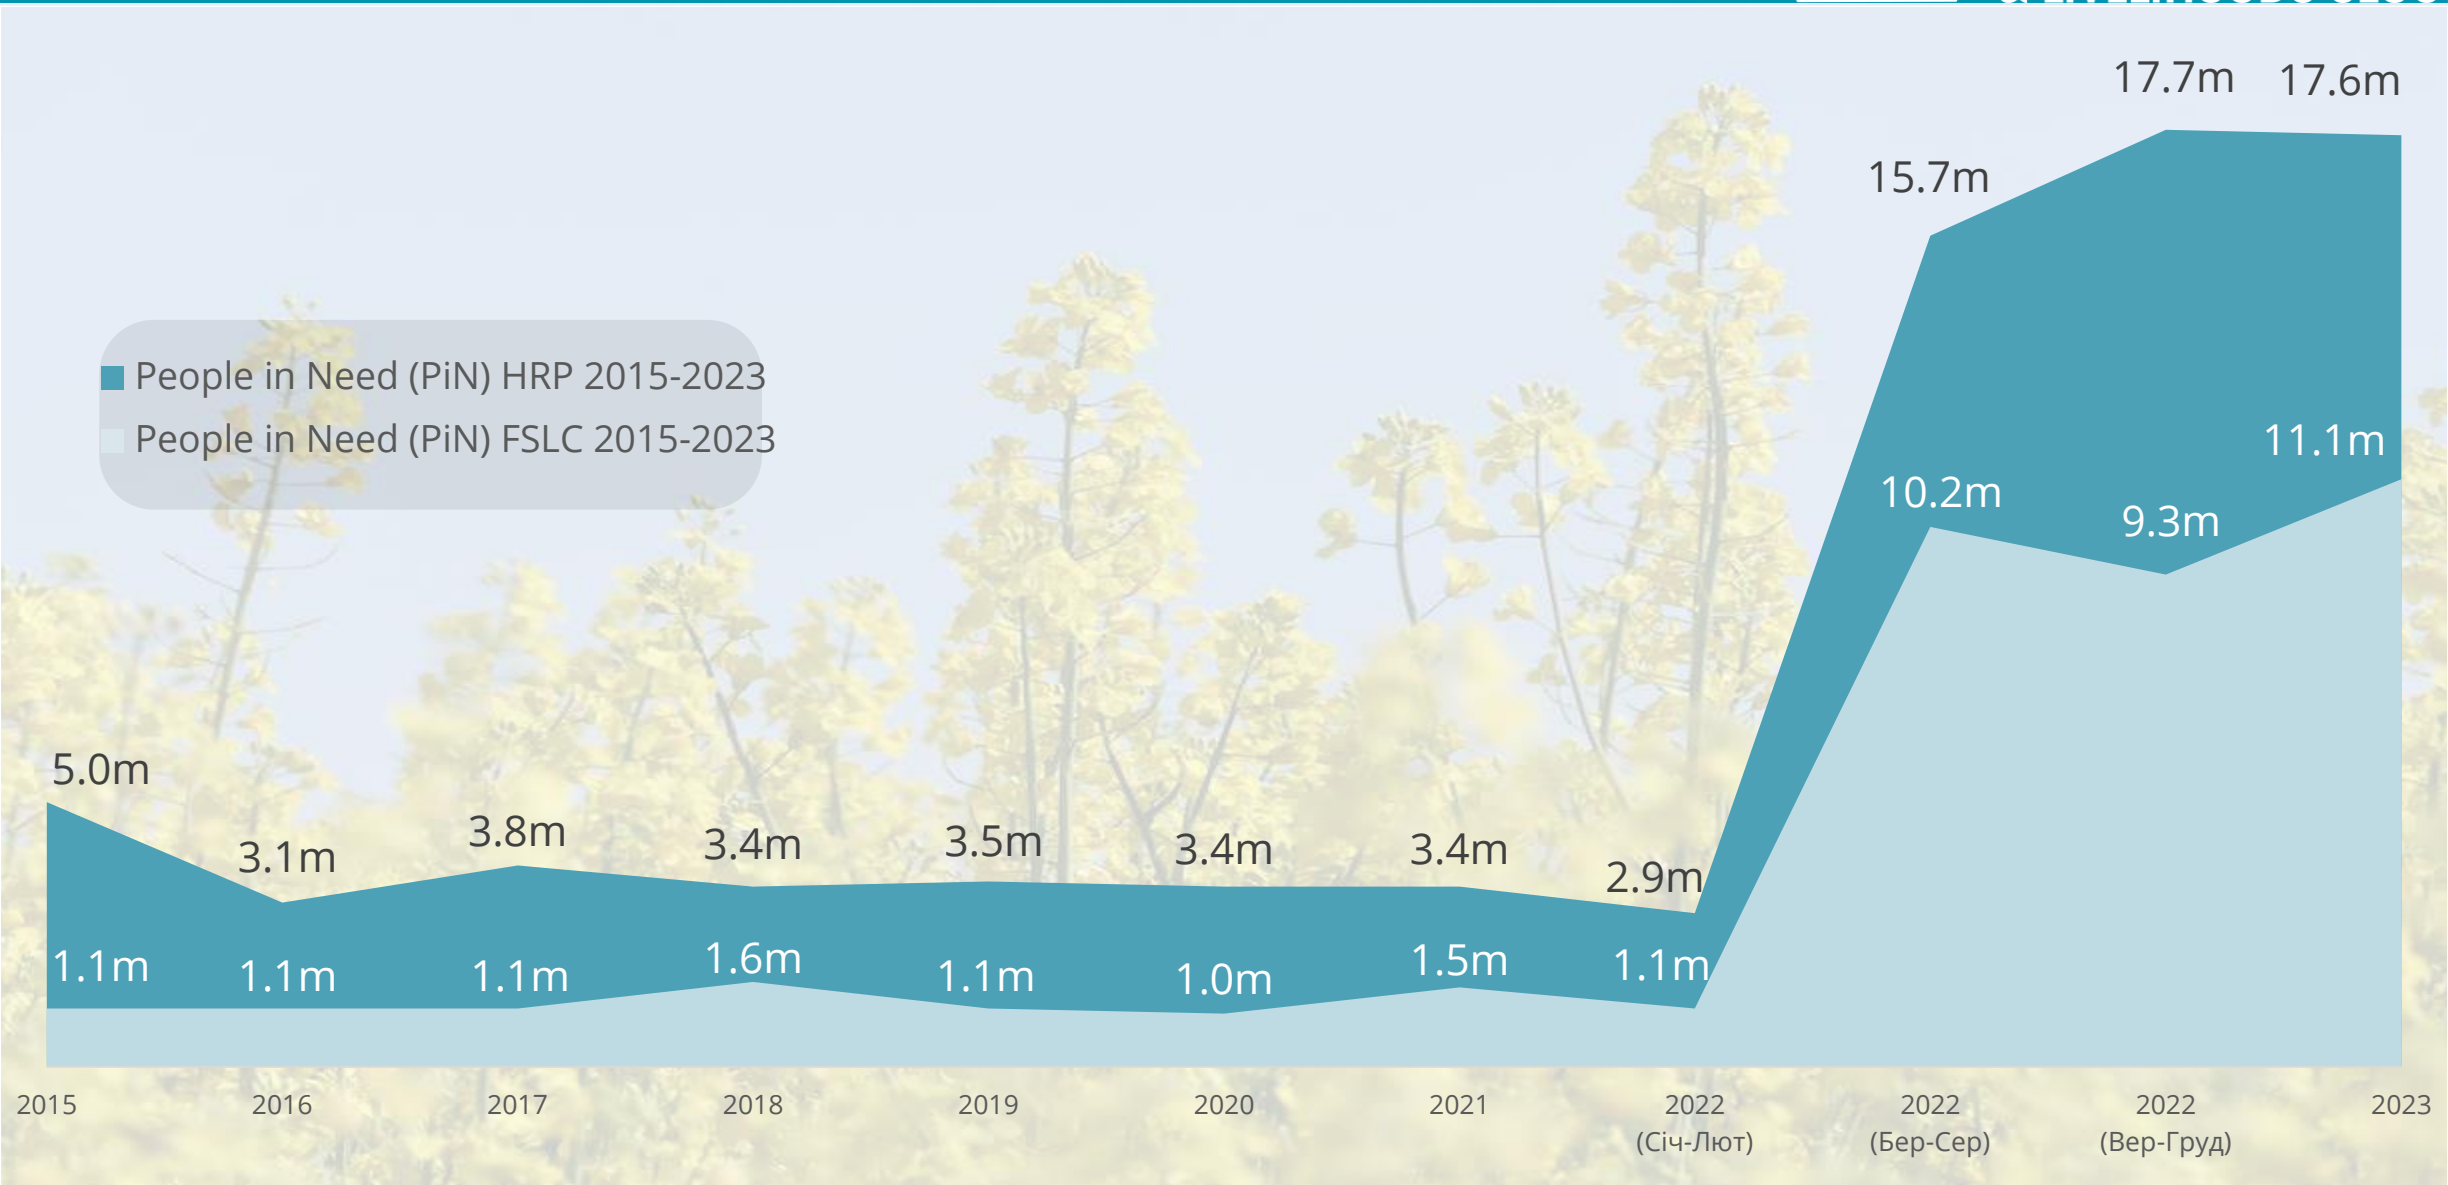

LIVELIHOODS ASSISTANCE

Strengthen vulnerable conflict-affected households' self-reliance and contribute to the economic capacity by protecting and restoring agricultural and non-agricultural livelihoods

Food Security and Livelihoods Situation in Ukraine 2023

Food Security and Livelihood needs have increased exponentially because of the full-scale illegal invasion of Ukraine by the Russian Federation. While the war shows no signs of abating, humanitarian gains made in Ukraine have been eroded because of the escalation of the war, which has driven millions of people from eastern Ukraine and disrupted agricultural production.

May 2023

May 2023 CO1 - Food Assistance

In May 2023, the Food Security and Livelihoods Cluster (FSLC) partners organization reached a total of 2,527,295 people which is 69% out of the 3,668,237 people targeted in the 2023 Humanitarian Response Plan (HRP). The need for food assistance continues to decrease among the affected population. In May, it decreased by 7% compared to April. 88% of all food assistance was provided in Kharkivska, Donetsk, Khersonska, Zaporizka, Mykolaivska, Dnipropetrovska oblasts. From those who received food assistance in May: 65% received general food distributions (dry rations containing 2,100 kcal per person per day); 30% received rapid response rations; 3% received hot meals; and 2% received market-based relief food vouchers. 29 reporting partners contributed to the response objective: WFP, SPIR, GEM, U-Saved, AOS, CaritasUA, AAH, URCS, PHK, WVI, LH, ERC, GCS, ACTED, PIN SK, PIN, NRC, SI, BiY, NICCO, HIA, NW, WHH, R2P, Poruch, IAC ISHR, ForestCom, FZ, and TBPUA.

The Food Security and Livelihoods Cluster (FSLC) was established in December 2014 and is led by the Food and Agriculture Organization (FAO) and the World Food Programme (WFP). The FSLC coordinates the food security and livelihoods response for more than 500 partners since Russia's full-scale invasion on 24 February 2022.

Response Under HRP 2023 More than 10 million people received food assistance in 2022. Humanitarian needs in areas where ongoing hostilities continue to escalate are increasing. Food insecurity is driven by the war, loss of livelihood opportunities, poverty levels, lack of access to food, and displacement. The number of people in need of food assistance is defined as those who are severely and moderately food insecure.
