Operational update

Hawiga

FSC coordinator gave an operational update on the recent developments around the Hawiga Operational area with a focus on:

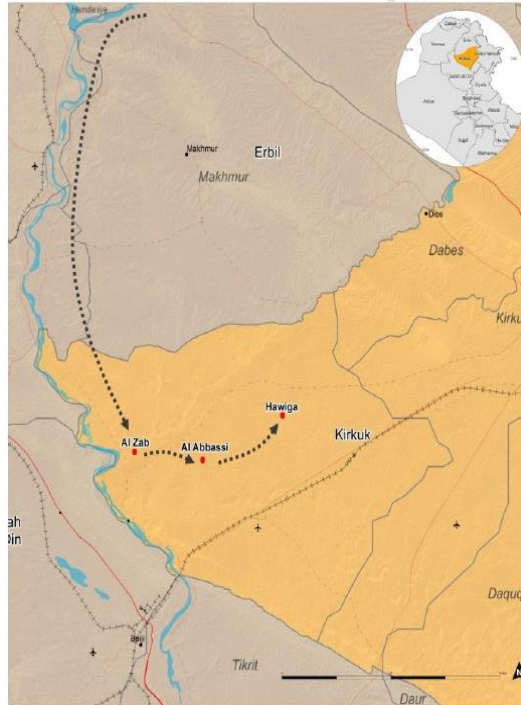

- Humanitarian access and access procedures
- Support to remaining populations and potential returns
- UNMAS & Handicap International training / awareness programmes
- “Do no harm” approach
- FSC strategy and response plan

CMCOORD access hotline:

0751 135 2881

- Partners are recommended to call whenever facing access issues, i.e. checkpoints, procedures, paperwork, etc
- Additional partner updates IRW for the Hawiga response: Distributed 3,500 RTERs in Kirkuk.

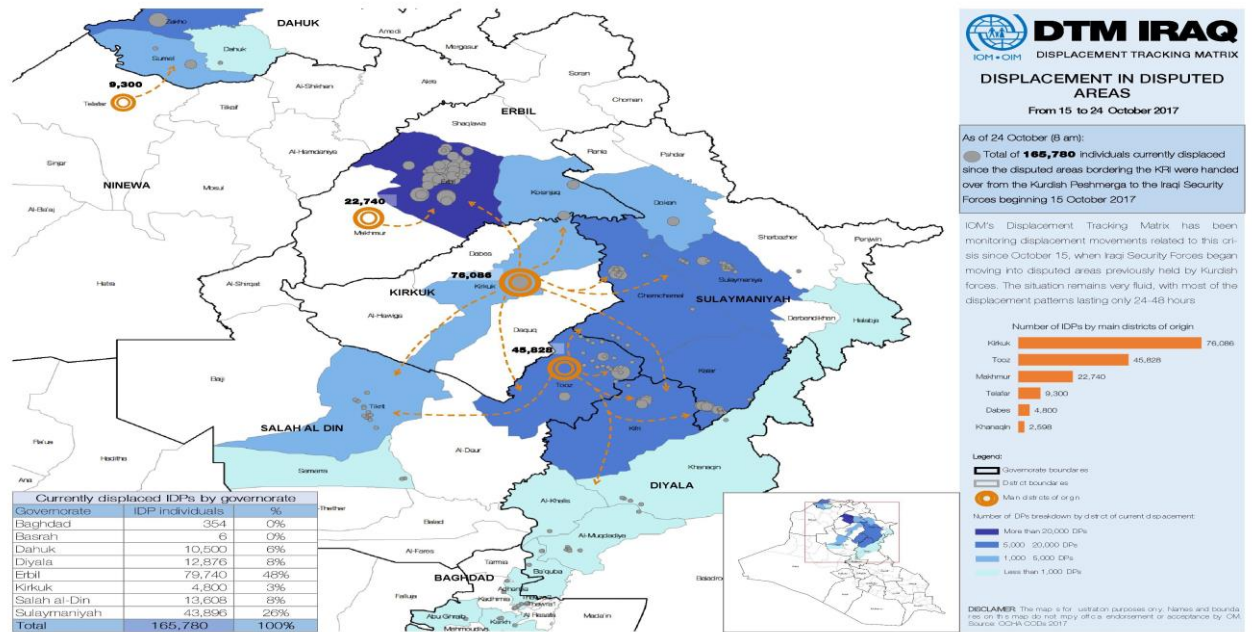

Hawija sub-district: Al Zab, Al Abbassi, Hawija City

Recent displacements: Dohuk, Erbil and Sulmaniyah

A brief was provided on the recent IDP movements and a displacement map was presented and discussed.

Partners' response the recent displacements:

BCF: Distributed (335 Hot meals, 6,675 RTERs, 3,180 Dry food rations and 650 Milk cans) in Erbil, Dohuk, Sulaimaniya, and Kalar city for the IDPs.

The most recent Anbar Operational Plan was developed and circulated by OCHA with the two planning scenarios:

- 1) Scenario one (most likely)
 - 5,000 people cross to Syria.
 - 35,000 people remain home or close by.
 - 10,000 people displace to eastern Anbar camps or with relatives
- 2) Scenario two (worst case)
 - 15,000 people cross to Syria.
 - 35,000 people try to flee erratically to close by/hard to reach areas, camps in eastern Anbar or informal settlements.
 - Some people not able to flee remain behind without minimum conditions and access to life-saving assistance.
