

COUNTRY RESPONSE UPDATE

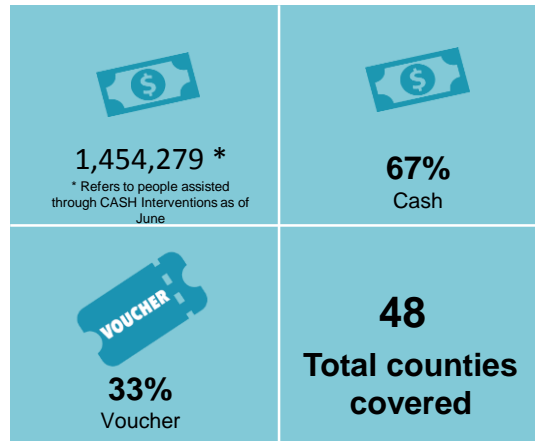

As of June 2017, FSL cluster partners assisted 1.45 million people through cash based programs. Out of 1.45 million people 73% people received assistance through objective 1 (i.e. improved access to food and 23% received through objective 2 (i.e. improved livelihood).

RESPONSE BY STATE

RESPONSE BY ACTIVITY

RESPONSE BY MONTHS- PEOPLE REACHED BY CBP IN 2017 (JAN-JUN)

Explanation for the change in beneficiaries numbers between April –June:

- April: limited CBT distributions within the CFA programme
- May/ June: compensatory double distribution in Mingkaman in addition to payments to the full CFA caseload;

WFP CBT programme highlights:

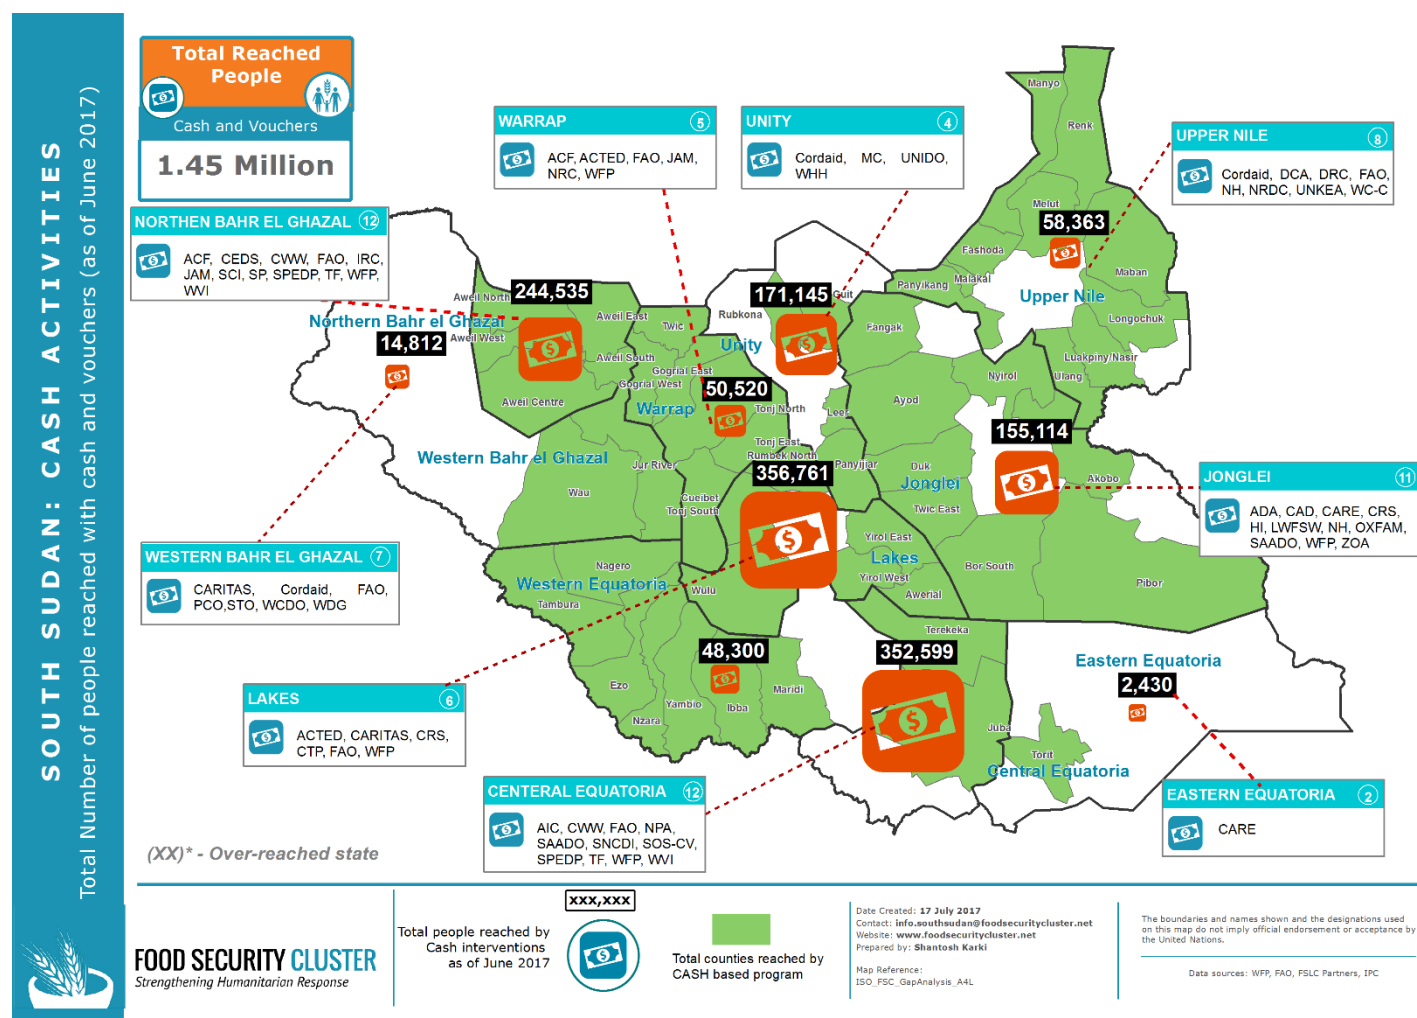

- Mingkaman caseload is 114,000 monthly & CFA caseload is 150,000 (4 payments over 6 months);
- Juba urban CBT programme caseload is 42,000 which covers period of February – September & expanding to 84,000 in October.

FAO CBT programme highlights:

The FAO Urban cash-based intervention is referred to as Nutrition Voucher Support/Intervention.

- It has two sources of funding:
- Norway and OFDA funding to support 2,500 vulnerable households
- World Bank funding to support 2,000 vulnerable households
- The intervention will run for 3 –6 months.
- The intervention will be implemented by World Vision International.
- This intervention is a linkage of 3 outputs (production-Income generation/Nutrition support/consumption).
