STRATEGIC OBJECTIVE & ACTIVITIES

501 To protect and sustain core-agricultural livelihoods of households affected by conflict, climate shocks, and displacement in Ethiopia through emergency livelihoods humanitarian interventions in 2024.

Activities:

• Provision of multi-purpose cash transfer to the most vulnerable farming and pastoral households.
• Provision of Income Generating Activities to the most vulnerable farming and pastoral households.
• Support restocking/destocking of animals to mitigate large-scale loss of livestock.
• Support treatment and vaccination of animals to mitigate large-scale loss of livestock.
• Provision of supplementary livestock feed to vulnerable pastoral households and agro-pastoral households.
• Provision of improved locally adapted drought tolerant crops (cereals, pulses and vegetables) and fodder seeds together with essential farm tools and equipment.
• Draught power support for effective land preparation activities.
