MYANMAR: FSC CO1 – Life-saving food assistance to IDPs, IDP returnees and Stateless people

Jan to Mar 2024   *This map is based on data available at Township level. Information visualized on this map is based on data collected from FSC partners which shared the 5Ws reports only under humanitarian programme.*

**MYANMAR FOOD SECURITY CLUSTER**

Highlights

- Overall, a total of 51 (38%) townships were reached across 10 states/regions out of total 134 townships targeted in 12 states/regions under CO1.

- At Q1/2024, FSC reached 27% of its annual targets for CO1, while achieving 106% of the Q1 targets.

- A total of 5 townships not initially targeted for CO1 were successfully reached.

- However, a significant gap is indicated in areas where conflicts are escalating, including Rakhine, Northwest, and Southeast regions. Efforts are ongoing to reach IDPs and other vulnerable groups in those areas.

- Over 1M targeted beneficiaries were left unmet, while a total of 99K beneficiaries exceeded the targets in 19 townships.

MYANMAR: FSC CO3 - Life-saving emergency agriculture and livelihoods assistance
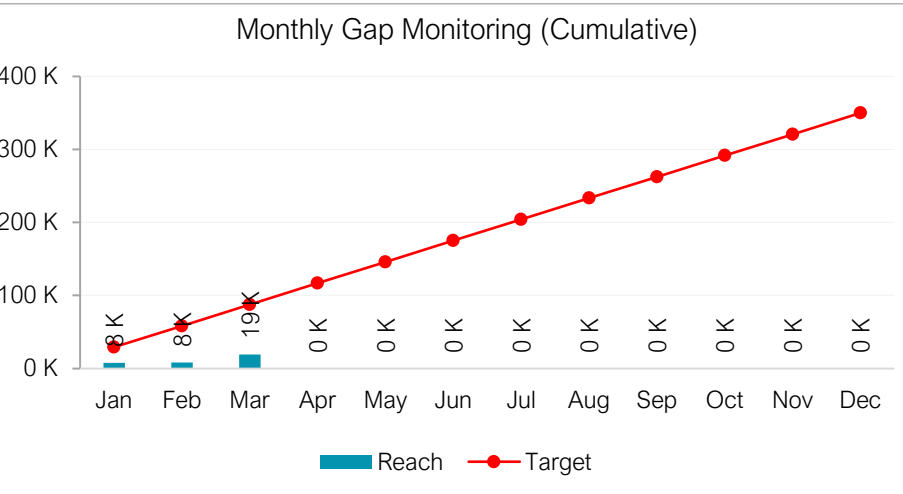

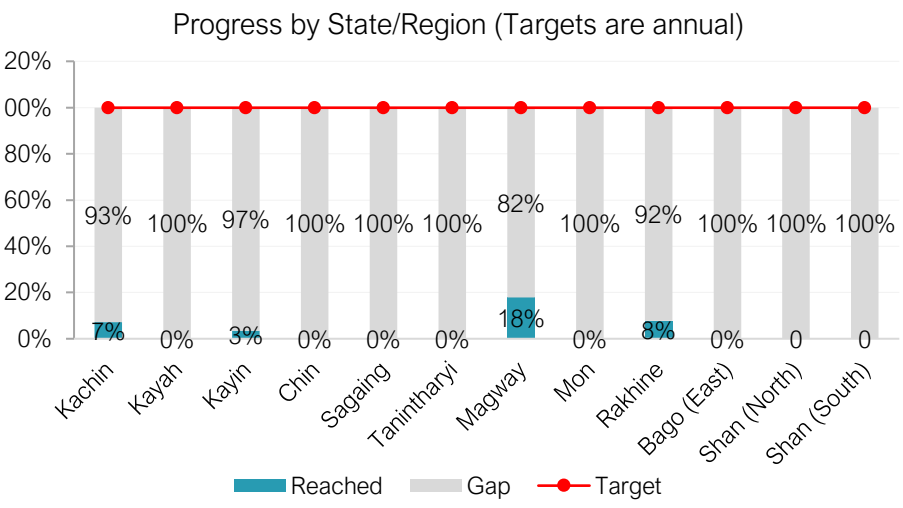

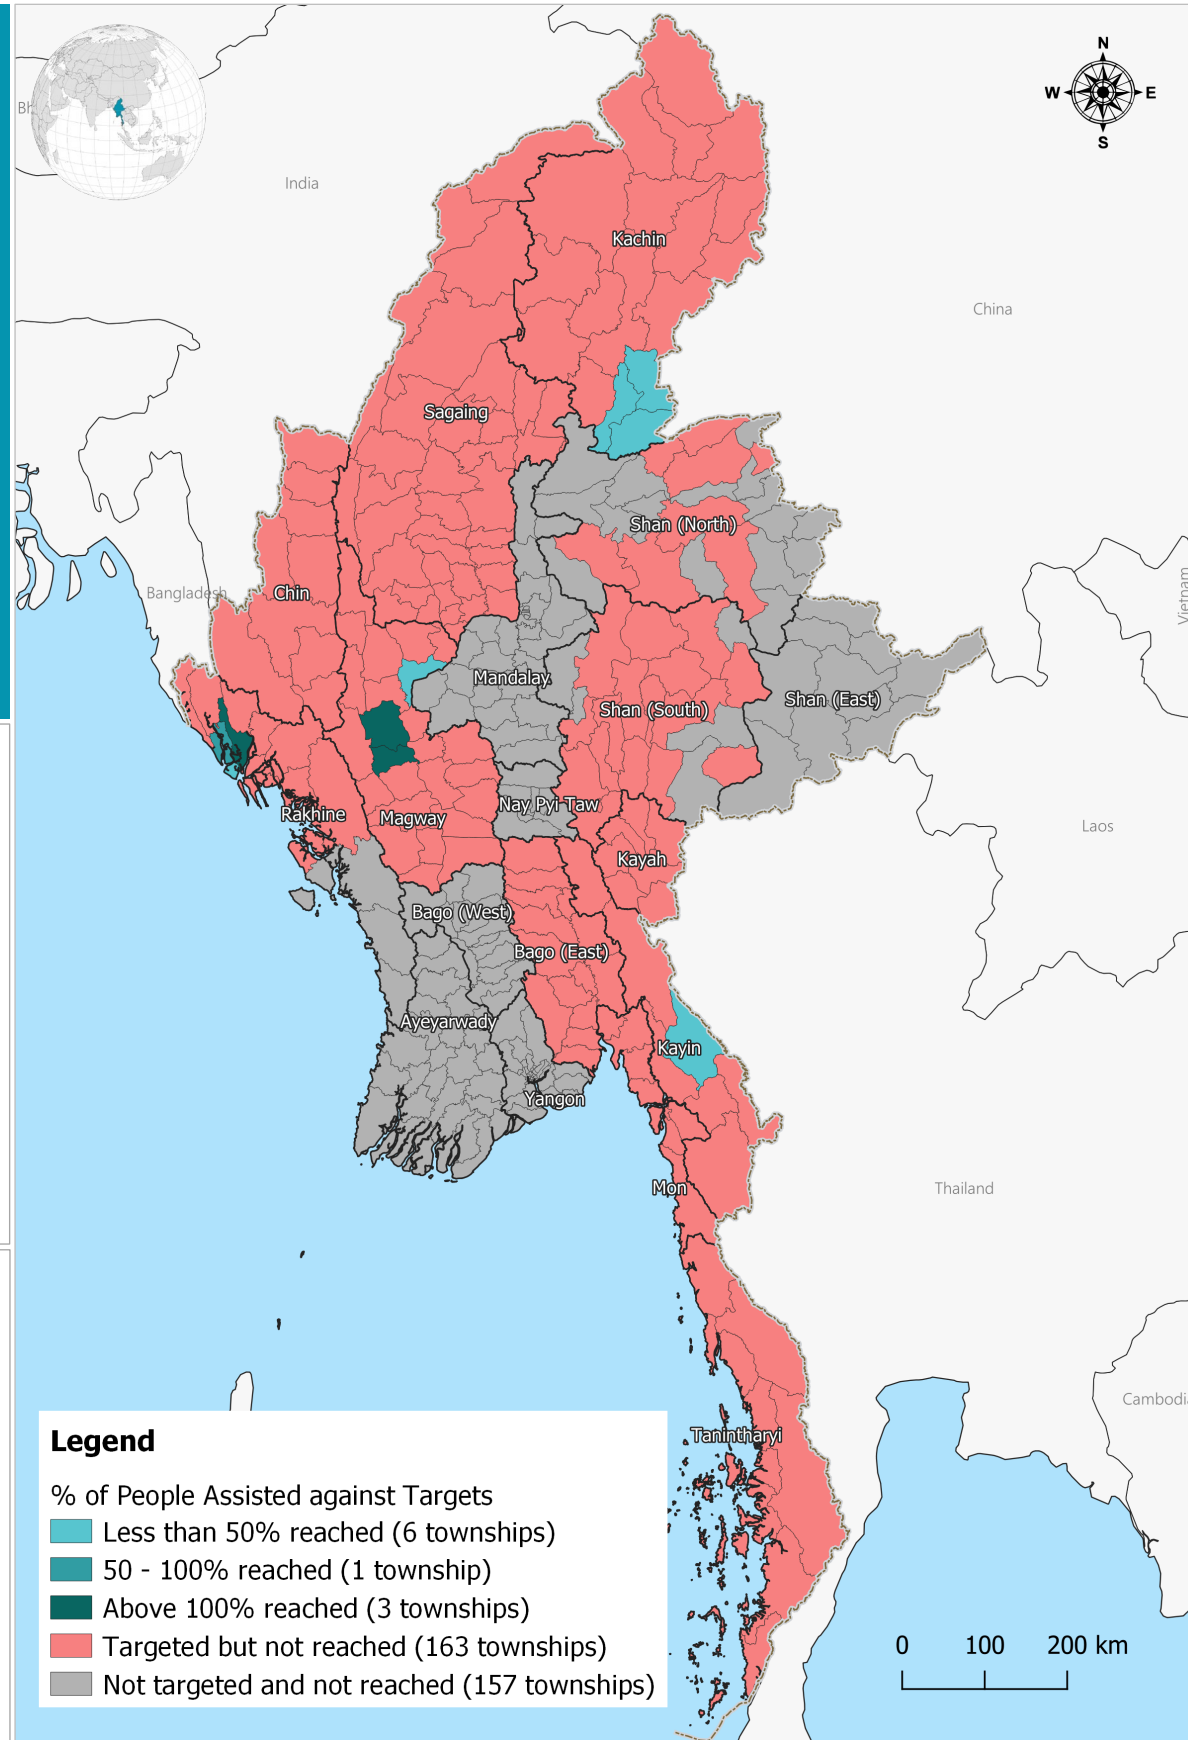

Jan to Mar 2024

This map is based on data available at Township level. Information visualized on this map is based on data collected from FSC partners which shared the 5Ws reports only under humanitarian programme.

MYANMAR FOOD SECURITY CLUSTER

Highlights

- Overall, only 10 (45%) townships were reached across 4 states/regions out of total 173 townships targeted in 12 states/regions under CO3.

- Agriculture kits of staples crops and/or vegetables represent the largest activity followed by FFS and farmer training and cash for work activity .

- 421K targeted beneficiaries were left unmet, while a total of 10K beneficiaries exceeded the targets in 3 townships.

- At Q1/2024, FSC reached 5% of its annual targets for CO3, while achieving 22% of the Q1 targets.

- CO3 (Agriculture & Livelihood) achievement is remarkably low (5%) against annual targets, primarily due to funding limitations for agriculture and livelihoods, as well as other operational challenges such as lack of humanitarian access due to armed conflicts.
