GPM	**GPM dedicated meeting** 1. Agenda was reviewed and structure agreed. In terms of speakers: a) it was suggested to involve Local NGOs speakers from the voices from the field where possible b) ALNAP to present their report on status of humanitarian action. c) ICVA representative to be also invited to give an overview of the humanitarian reset process from NGOs perspective; c) Donors: as last year a donor panel will raise a lot of interest, including their point of view on the reset, Possibly ECHO, GFFO, NORAD, FCDO. WGs meetings will be embedded into the GPM agenda and this year there won't be any day1 dedicated to it. A link was sent to the SAG with actions (see action points)
