Food Security Cluster Global Partners Meeting

2022 Survey

This year, as our strategic plan 2020-22 is coming to an end, focus will be on defining the pillars of the cluster's strategy. **The global support team has put together a survey to review the progress of the current strategic plan and collect inputs for the new one.**

How do you rate the progress on the 4 results achieved in the last three years?

RESULT 1

Improve food security information for decision-making

20%

80%

RESULT 2

Pro-actively steer the coordination of the food security response

37%

63%

RESULT 3

Improve monitoring & evaluation systems and accountability systems to enhance program quality

47%

53%

RESULT 4

Scale-up advocacy, communication and resources mobilization

39%

61%

Key area missing:

- Localization, Preparedness, Anticipatory action, HDP nexus, partnership
- Partners capacity building on technical topics
- Strengthening the link between humanitarian and development to improve food security for all

The current strategy

Gives clear strategic direction to gFSC members

30%

70%

Highlights all the key areas of food security coordination

30%

70%

Include all cross-cutting issues related to the FSC

30%

70%

It is detailed enough for its scope

30%

70%

Includes enough indicators for monitoring throughout the year

33%

67%

Encompasses both priorities for FSC in the field and at global level

40%

60%

Are you satisfied with the current Strategy?

New Strategy 2023/25

Food Security Cluster Global Partners Meeting

Please rank your most relevant thematic areas

1. Preparedness, Anticipatory action, Early warning
2. Localization
3. Advocacy and resource mobilization
4. Inter-sector approach (collaboration with other sectors)
5. Information management
6. Humanitarian development peace nexus (HDPN)
7. Cluster leadership (presence of dedicated FSC teams, leadership sharing arrangements, capacity building for FSC teams, etc.)

Other: climate change, cash coordination, public health, pandemics, mandate of FSC, inaccessible areas

Please rank the most relevant cross-cutting issues

1. Environment & Climate change

2. Partnership & Capacity
building

3. Protection

4. Gender equality

Other:

- *Marginalized and Minority Groups*
- *Conflict Sensitivity*
- *Market access, financial inclusion and linkages with more durable solutions within HDPN*
- *Disability Inclusion, social protection*
- *Research and private sector partnership*
- *Missing: accountability to Affected population*
- *Early recovery*

Do you find useful/recommended to include a specific section on the objectives and strategic priorities for the global cluster and partners (including working groups)?

Rank the role of the Global Technical Working Groups in relation to the new strategy?

1. Leading technical guidelines development for field support
2. Documenting good practices
3. Advocacy
4. Sharing knowledge
5. Generating evidence when required
6. Inter-sectorial collaboration

Other:

- ISC should be a WG. For the CMWG, there is already an inter-sector cash WG.
- Resource mobilization
- Training

Group Discussion

- **Advocacy** - *Room 7Y01*
- **Early Warning, AA and Preparedness** - *Aula II-III*
- **Localization** - *Forum A*
- **Partnerships** - *Aula I*
- **Cross-Cutting** - *HQ_OR_00*

GLOBAL STRATEGY 2023 – 2025

TIMELINE & MILESTONES

1

NOVEMBER

FACE-TO-FACE
CONSULTATIONS

Consultations will include the 3-days global partners meetings, CC retreat, WGs members, SAG and CLAs (final structure)

DECEMBER

2

Surveys will target Cluster Coordinators and FSC partners at field level, GCCG, key informants, etc.

SURVEYS &
INTERVIEWS

JANUARY

3

**ANALYSIS, REPORTING
DRAFTING**
