Sector Objectives
Objective 1: Ensure and sustain timely provision of life-saving food assistance for Rohingya refugees

Objective 2: Promote portable skills development opportunities for Rohingya and enhance the livelihoods and resilience of host communities

Objective 3: Support peaceful co-existence through enhancement and restoration of natural resources
Summary of Activities: JRP 2020

• **Sector Objective 1**
  • General food distribution
  • E-voucher assistance
  • Complementary food voucher
  • Farmers’ market
  • Rapid food response

• **Sector Objective 2**
  • Technical skills training – agriculture and livelihoods
  • Conditional cash assistance – monthly stipends and investment grant
  • Life skills training and awareness sessions – literacy, leadership, nutrition, hygiene

• **Sector Objective 3**
  • Plantation – suspended due to COVID-19, to begin in August with a target of 150 ha
Sector Objectives: COVID-19 Addendum

- **Objective 1:** Expand support to improve food security and compensate for loss of livelihoods of the most vulnerable Bangladeshis in Cox’s Bazar

- **Objective 2:** Secure the continuity of the food supply chain by supporting the food production system

- **Objective 3:** Support the District health response in coordination with the Health Sector
Summary of Activities: COVID-19 Addendum

• **Sector Objective 1**
  • Unconditional, multi-purpose cash grant
  • In-kind food rations
  • Cooked meals

• **Sector Objective 2**
  • Agricultural inputs – summer vegetable seeds, seedlings and tools
  • Agricultural training

• **Sector Objective 3**
  • Food for health facilities
  • Mask production
  • Mask distribution
  • Soap production
  • Hand sanitizer production
  • MHM production

![Pie chart showing funding status]

- **49M (97.75%)** Amount Funded
- **1M (2.25%)** Funding Gap
Achievements
Key Achievements

- In-kind to e-voucher transition
- Complementary food voucher assistance
- Expansion of coverage to all Upazilas
- Coordination of mask production and distribution
- Integration of sustainable initiatives/circular programming
- Deduplication through NID cross-checking
- Inter-sectoral initiatives: to protect elderly, distribution guidelines, home-based care
Initiatives for cross-cutting issues
Initiatives for cross-cutting issues

• Gender mainstreaming
• Protecting older persons pilot
• Child protection
• Disability inclusion
• Social cohesion
• Sustainability
Challenges, lessons learned and way forward
Challenges & way forward

- Adopting / integrating COVID-19 risk and mitigation measures into ongoing and future programming – associated costs should be integrated accordingly
  - **Example:** messaging, social distance trainings, PPE, hygiene standards
- Ensuring support to vulnerable Bangladeshis adversely impacted by implications of COVID-19 movement restrictions
  - **Example:** bolstering support to GoB through social safety net programmes
- Opportunities to create markets linkages and circular interventions between supply and demand to address humanitarian needs in the refugee camps can be expanded
  - **Example:** mask initiative, MHM production
- Stronger integration of programmes supporting and inclusive to vulnerable groups – associated costs should be integrated from programme conception
  - **Example:** Gender mainstreaming, disability inclusion, child protection, support to older persons, and social cohesion
Challenges, way forward, lessons learned & priorities

Interactive partner activity - lessons learned as detailed by partners:

Pre-Covid regular JRP

- Lesson 1: To establish strong economic interaction between refugees and host communities by meeting supply and demand e.g. supply of fresh foods through farmers’ market, increasing food production capacity in the host community, better coordination among partners
- Lesson 2: Need for more information to take action on disability inclusion
- Lesson 3: Etc.

JRP COVID-19 Addendum

- Lesson 1: Agree on and ensure Sector-wide standards for implementation of activities in the context of COVID-19 e.g. how to conduct trainings, ensuring use of masks and hand-washing stations
- Lesson 2: To keep close contact with beneficiaries through Majhee networks in the camps using phones and other technology
- Lesson 3: Etc.
Challenges, way forward, lessons learned & priorities

Priorities (three tops for 2nd half of 2020 – remaining can be incorporated into JRP 2021)

• Sustain critical assistance to refugees, providing access to various and nutritious food, and increase support for their self-reliance.

• Reinforce and complement social safety nets and interventions by GoB and local authorities to mitigate the impact on food security and livelihoods of vulnerable Bangladeshis, including through support information management to target assistance and avoid duplications.

• Promote market linkages and economic interactions between refugee and host communities.

• Improve camp and field level coordination; strengthen community engagement, Accountability to affected population (AAP), Gender and protection mainstreaming.

• Any further partner input:
  • Scaling up cash assistance – unconditional cash, cash for work,
  • Market promotion/linkages between HC and camp market suppliers and other local markets as well
Any further partner input:

- Scaling up cash assistance – unconditional cash, cash for work,
- Market promotion/linkages between HC and camp market suppliers and other local markets as well
- Long-term planning leading to 2021 – e.g. associated costs to adapt to new standards
- Linkages with Bangladesh economic recovery framework, District Development Plan to address humanitarian – development – peace nexus.
