5Ws

• **Location** - disaggregation to Union (Ukhiya and Teknaf) and to Upazila (other 6 Upazilas) for host communities, to Camp for refugees

• Please report life skills development and awareness activities to:
  - Literacy training to Education Sector at edusector.cxb@humanitarianresponse.info
  - Hygiene messaging to WASH Sector at washcoxsbdar@gmail.com
  - Nutrition messaging to Nutrition Sector at bangladesh.nut@humanitarianresponse.info
  - COVID-19 messaging to CwC Working Group at cxb.cwcmg.im@gmail.com

• **Request for feedback**: feasibility of 5W reporting as they are completed or reporting weekly - FSS to send reminder at end of month or weekly

• Request to update total households reached figure for the period of April – December
Updates on cross-checking of beneficiary lists

- 27% of all NIDs submitted to FSS were duplicates as of 25 August, up from 5% in June (caused by rounded NIDs (4% of total NIDs had been rounded), and UNO requests to support additional HH with unconditional cash support). 3% of beneficiaries were targeted by 3 or more partners before deduplication.

- **Concept note** was developed to explain the exercise and to collect partner feedback on suggested way forward to avoid duplication – feedback due COB Thursday 10 September

- **Suggested way forward by FSS**
  1. Establishing an inter-organization beneficiary database system (not Excel)
  2. Integrating with and strengthening GoB safety net beneficiary database

<table>

Beneficiary Counting

Draft guidance note by FSS for all activities to be shared for partner feedback

Summary

• Food and unconditional cash interventions (includes CFV, school feeding)
  • Monthly calculation: summation of partner activities for the month
  • Periodical calculation: highest figure per location per partner is computed based on assumption that partners reach the same beneficiaries each month
  • Rapid response: beneficiaries reached is cumulated

• Agriculture/Livelihood (IGA)/conditional cash interventions (including CfW)
  • It is assumed that summation of highest beneficiary figure across all activity types (i.e. training, inputs, cash assistance) and months per partner per location is the total number of unique households reached by a partner

E.g. If partner reported 600 HHs received inputs, 200 HHs received training, and 500 HHs received cash stipend for activities in May, and reported 700 HHs for inputs, 400 HHs for training and 100 HHs for cash stipend in same locations in June, it is assumed that 700 HHs (inputs in June) was the total number of unique households reached during the period.
Updates on mask-making initiative

As of 9 September 2020

- Production and distribution amount of masks is tracked using the [mask making initiative tracker](#). Reminder mail to update the tracker is sent every Wednesday of the week.

- Partners providing new input in 2nd tab of the tracker (Production & Procurement) are requested to communicate with FSSL team.

- Partners to provide updated **number of individuals** reached with masks in 3rd and 4th tab of the tracker, not the amount of masks distributed.

- Partners engaging beneficiaries with cash for work for production of masks are requested to submit activity information on [5W tracker](#) as Cash for Work (Activity Type), Mask Production (Activity Detail)
Partner Feedback
Partner Feedback

Please let us know your feedback!

• Information needs?

• Training needs? On software (e.g. GIS, Power BI) or on topics (e.g. Protection, Gender, AAP, Communications with Communities)

• Challenges?

• Suggestions for FSS?

• Information products (next page)
Partner Feedback: Information Products

- FSS weekly updates sent every Sunday
- Coordination meeting presentation bi-weekly on Tuesdays
- Interactive dashboards on response in camps and host communities
- Workshop reports and factsheets
- Operational partner presence, gap analysis, and dashboard (to be resumed from this month)
- May information management meeting
Way Forward
Way Forward

• Mapping of farmer groups for identification of aggregation points and market linkages (GPS coordinates)

• Mapping of facilities in the camps (GPS coordinates of distribution points, multi-purpose centers, women-friendly spaces, etc)

• Expansion of NID deduplication exercise to other activities (e.g. agriculture inputs distribution)

• Setting up a communication channel for IM focal points – please message FSS Ajmerry (+8801818906909) or Akira (+8801318788441) to be added to Whatsapp group
Way Forward: JRP 2021 Planning

• Informing planning for JRP 2021
  • [Refugee Emergency Vulnerability Assessment (REVA) III](#)
  • Multi-Sector Needs Assessment (MSNA) – findings to be disseminated in November
  • Other [relevant assessments and reports](#)
  • Joint Monitoring Framework (compilation of available information on key food security dimensions) [overview](#) - factsheet and report to be released mid to late September
  • FSS analysis on coverage gaps and operational partner presence
  • [District Development Plan](#) (GoB, UNDP)

• Information on cross-cutting themes to strengthen project proposal (e.g. Gender, Accountability Affected Population (AAP), Disability Inclusion).
