The GHRP and Zimbabwe HRP2020 COVID19 Addendum was launched on 7th of May. Although the FSL Cluster Strategic Objectives remain unchanged, complementary activities to cover additional needs and to mitigate the impact of the pandemic are undertaken. These objectives cannot be achieved without considering the impact of COVID-19 to ensure unhindered programme continuity. All existing and new programs need to undertake a reconfiguration process to prioritize populations facing the highest risks and include a comprehensive COVID-19 sensitization campaign. As such, the FSL Cluster requires additional 15.1M USD for the Zimbabwe HRP 2020 Addendum.
