COUNTRY RESPONSE UPDATE

The FSL Cluster partners reported to have reached 441,000 people with either in-kind food distribution, cash or vouchers modality in July 2020 in both rural and urban areas. Among them, 359,000 persons received in-kind food assistance and 7,000 cash-based assistance in rural zones, while the remaining 75,000 received cash-based support in urban areas. Concurrently, a total of 128,000 beneficiaries were supported with agriculture and livelihood assistance. This includes 32,000 and 10,700 beneficiaries who received crop and livestock inputs respectively, 40,000 beneficiaries supported with extension and advisory services to manage crop pests and livestock diseases, 25,000 assisted with critical assets rehabilitation.

According to the preliminary results of the quarantine centres assessment conducted by INGOs in June and July 2020, low dietary diversity is a concern in the majority of the assessed quarantine centres. Further, no protection ration such as CSB+ is distributed to people with special dietary needs such as pregnant and lactating women or children under five.
