FSS LHWG (gardening)

- **FSS Camp Gardening Initiative**: FSS, with technical support from sector lead agencies, is developing a camp level gardening guidance note.

- FSS intends to use this note to also support in advocacy for partners engaged in this activity.

- FSS, in close collaboration with DAE and FAO will support in informing GoB on these specifications, streamlining these terms across SLA will further support.

- FSS is planning a site visit to gardening locations on Thursday to ensure recommendations reflect the reality within the camps – this site visit follows two years of monitoring the activity and ensures partner activities are highlighted.
FSS and WASH Joint Guidance Note

• Please see linked, Joint FSS and WASH Sector Guidance Note – Waste Avoidance and Management in Emergency Food Distributions.

• This Guidance Note intends to support FSS partners – and potentially other Sectors’ partners - with guidance on both coordination and reduction of waste introduced into the camps during an emergency context.

• It is in line with Site Management and Site Development (SMSD) Sector and Energy and Environment Technical Working Group (EETWG) operational structures and recommendations.

• In light of upcoming Cyclone and Monsoon seasons, we encourage partners to review and consider these recommendations.

- **Connecting the dots**

#### Bad weather halts Libya's oil exports

**Excerpt:**
Libya’s oil exports have been suspended as bad weather conditions forced the OPEC country to shut all its export terminals, a local shipping agent and a Libyan oil source told Reuters on Thursday. The agent said adverse weather conditions began to impact bookings from Libyan ports in the afternoon of Dec. 31.

**Date:** 06-01-2019

#### Libya's Interior Ministry is dominated by parallel institutions and forces

**Excerpt:**
Bashir said Friday that the armed forces don’t follow the orders of the Interior ministry or those of the GNA, adding that they have their own budget and agencies and nobody can stand in their way.

**Date:** 08-01-2019

The iMMAP teams’ **multi-disciplinary backgrounds** allow to **complement** and **cross-check** the **secondary data analyses**

Through its in-country presence, iMMAP **directly engages** with **partners and beneficiaries** to **cross-check** and **improve** the reports through:

- Key informant interviews
- Collection of unpublished data, reports and assessments from NGOs, INGOs and government sources.
- Participation in cluster/sector meetings
- Feedback collection from all interested actors
DEEP Data Compilation and Visualisation

Better Data | Better Decisions | Better Outcomes
COVID-19 Project - iMMAP Collaborative Approach

The added value of the reports relies on depth of actors’ collaboration in terms of:

- Data sharing
- Feedback sharing on their needs and challenges in terms of information access and decision making
- Review and comments on the Situational Analysis reports

Better Data | Better Decisions | Better Outcomes
Next Steps

- Improve NNGO participation in data collection process.

- Primary Data Collection
  - Nationwide online survey on COVID-19 impact on Livelihoods, Health Care Access, COVID-19 information needs for Public Health messaging, Vaccine hesitancy (in partnership with RIWI)
