Volunteer survey

https://ee.humanitarianresponse.info/x/cffUDfgv deadline extended to 18 December 2021

The ISCG – with support from the Access WG, agencies and sector leads – is working on an update to the volunteer policy to ensure an informed, transparent and harmonized policy exists regarding volunteer roles, incentives, recruitment and information sharing.

The form requires detailed data on:

- the number of volunteers each organization is recruiting
- the sectors and roles those volunteers are currently populating
- the skillsets and training necessary to populate each of these roles
- the volunteer incentive – by role – per agency (ACTUAL)

Please note: The information requested in this form is strictly for the purpose of informing the update to the volunteer policy and will not be shared outside of the ISCG. Support: Brian La Guardia, brian@iscgcxb.org

Homestead Gardening and Community Aquaculture
December 14, 2021
Achievement of Homestead Gardening and Community Aquaculture

- Agri-inputs distributed among 30,000 Households in 24 camps for Winter and Summer season.

- Homestead Gardening Training Completed for 30,000 beneficiaries.

- Agri-inputs distribution completed among the 10,000 FIRE affected households, \( M=7393 \ F=2607 \) of Camp-8E, 8W and 9.

- Community based fish culture in 12 ponds of camp 4ext, 5 and 8w.
Expected Outcome

- Beneficiaries sowed seeds despite adverse condition (excessive rain-fall, small space, scarcity of water, unfertile soil and so on).
- They have taken care of seedlings following instructions which they received through Homestead Gardening Training provided by the Field Assistant(s), made trellis, pouring water regularly using Watering Can provided as winter Agri-inputs. Finally, they harvested crops and still harvesting.
- This is to be noted that all the family members irrespective of male, female, child and adolescent are taking care of these seedlings through their natural habits.
Activity 4: Renovation of Ponds for Aquaculture (4-ponds) in Camp 8W

- With the permission of respective CIC, BRAC & CODEC-WFP SRP started working on renovation of the bank of 12 ponds.

- Fingerlings were released in 12 pond at 4ex, 5 & Camp 8W where there are 280 beneficiaries (15 beneficiaries for each pond) who are taking care of these ponds.
Plan for year 2022

- Caseload for year 2022 is 30,000 new households.
- Homestead Gardening Training 30,000 households.
- Agri-inputs distribution to 30,000 households for Summer and Winter season.
- Community based fish culture in 12 ponds of camp 4ext, 5 and 8w. And have plan to extend 4 new ponds.
- Cooperating's Partners for year 2022 will be BRAC (Catchment A & D), CODEC (Catchment B), and WVI (Catchment C).
