ON-GOING VAC. / TREATMENT IN MAIWUT

- Over 20’000 Livestock have been treated in Maiwut County against various diseases.
- Over 16’000 Cattle have been Vaccinated in Maiwut against CBPP, BQ, HS and ANTHRAX.
- Over 8’000 small Ruminants have been Vaccinated against PPR & CCPP.
- AN estimated 1000HH have benefited from Vaccination & treatment Campaign.
- 20 CAHWs plus 2 MARF technicians received refresher training before the onset of activities in Maiwut.
- The main challenge is related to insecurity.
## SERO-SURVEILLANCE PLAN (ICRC/CVL-MARF)

</tbody>
</table>
OVERALL CHALLENGES

1. Insecurity
2. Lack of human resources from MARF in some states
3. Limited facilities & infrastructures for Main partner (MARF)
4. Floods/ frequent migration pattern of livestock keepers
5. Reluctance to pay for cost recovery
Thank you!
