Cyclone Mocha Situation Update

General Food Assistance – Ration Cuts Overview

- Starting June 2023, WFP will cut food voucher value from \$10 to \$8 per person per month.
- WFP provides food assistance to the Rohingya population in 33 camps.
- If more funds don't arrive soon, voucher value will need to be cut even further.

ANTICIPATED CONSEQUENCES ON THE POPULATION

Widespread decline in food security and nutrition outcomes, such as food consumption, dietary diversity, wasting, and stunting.

Sharp reduction in micronutrient-rich food consumption, and a worsening of micronutrient deficiencies.

Adoption of dangerous coping strategies (e.g., selling possessions, and accepting risky, exploitative jobs).

Increased violence and insecurity in the camps, and increased risks of bartering food assistance.
