- **Update on the SEADS simulation exercise last week – Isaac**

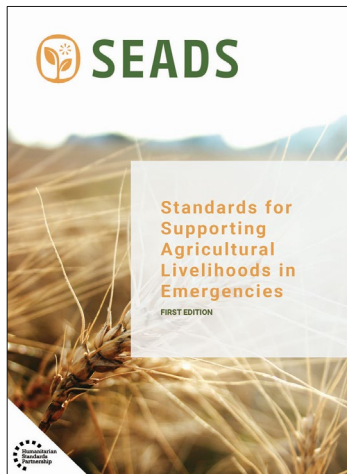

SEADS Standard – Simulation Workshop

The SEADS Standards will enable the best possible programming for agricultural livelihoods in emergencies

The SEADS Standards will enable those responding to humanitarian crises to design, implement, and evaluate agricultural interventions to maintain and strengthen the livelihoods of farming communities, support preparedness and post-emergency recovery, and increase their resiliency.

SEADS Standard – Simulation Events

- To test the **universality, practicality & user-friendliness** of the SEADS Handbook
- To achieve our vision that SEADS Standards will **enable the best possible programming** for agricultural livelihoods in emergencies.
- 5 workshops in the CAR, Haiti, **South Sudan**, Gaza and Honduras
- **Online global public consultation, Launch of Draft Handbook (17th), Webinar –18th Jan.**
- **SS exercise – 19th & 20th Scenario & Tasks – MEAL + 2 Technical Chapters (6 and 8)**
- **Feedback/comments captured**, put in the online interactive handbook
- To review and feedback on the standards, **[Interactive Handbook here](#)**, **create an account, and review SEADS guidance and tools on the platform** - your thoughts on the **clarity of the guidance, the user friendliness of the tools**, and the **technical accuracy of the standards.**
