### 1. Presentation – Mercy Corps
- See attached presentation
- Key lessons that might be relevant for other partners included setting wage rates against the local market, ensuring secure places for cash distribution within the community, ensuring informal taxation is included in PDMs, and identifying mechanisms to ensure the quality of local production.

**Action Points:**
1. To be posted to the cluster website  
2. Lessons to be incorporated into the draft guidelines

### 2. Finalisation of draft guidelines including partner mapping
- Reviewed draft guidelines have been circulated to CTM working group members
- Feedback is due by Friday, 13 Feb  
- A group of partners will be requested to finalise the guidance  
- A draft map of partners has been developed and will be presented in the FSL cluster meeting

**Action Points:**
1. Volunteers organisations with expertise in cash transfer programming to finalise the draft guidance to be requested from the FSL cluster meeting  
2. Any omissions from the draft map to be shared with the working group chair

### 3. Presentation - WFP
- Select issues relevant to partners include the impact of the conflict on the availability of commodities and traders. Limited accessibility from May to October, moderate to high price volatility, and the impact of insecurity on trader willingness to work in conflict areas.

**Action Points:**
1. If finalised, include the WFP report in the reading list for the draft guidance
