

Registration Exercise

Introduction and consent

Hello. My name is _____ and I work for CRS. CRS is an international organization supporting people who are affected by conflict and disasters around the world. **CRS programs assist persons on the basis of needs regardless of religion, ethnicity or nationality.** CRS has been in Nigeria since 2000 and started work in NorthEast from 2014.

- In Maiduguri, CRS builds latrines, repairs water points and offer targeted individual support for shelter, food and agriculture.
- We are here in Benisheik to collect household information that help us to better understand the needs of your community within the limits of our capacity to respond.
- This exercise helps us to identify the most vulnerable households who we will prioritize for the support.
- Taking down your information is not a guarantee that we will be able to meet your needs.
- CRS shares resources in solidarity with our neighbors and we ask your solidarity in return to help us to support the most vulnerable in your community.
- Your participation will help us to better serve your community.
- It's never necessary to pay money or give anything else in exchange to receive the assistance.
- If you have any further questions or problem with the registration process, please talk to [a **supervisor**]. Please know that it takes several weeks for us to give you feedback on this process. Thank you for your understanding.

The exercise usually takes about 20-45 minutes; therefore, I would very much appreciate your participation. However, it is voluntary and you may end the exercise at any time or decide not to answer a particular question, if agreed to participate. I assure you that confidentiality will be maintained on the information obtained from you.

Do you agree to participate in the exercise?

- Yes
- No
