# 1. Update Ukraine Response

The FSLC was established on 23 December 2014 in Ukraine in order to coordinate the response to the most vulnerable people affected by the crisis in Ukraine. The FSLC is led by Food and Agriculture Organization of the United Nations (FAO) in Ukraine.

In 2022, the FSL cluster has two key objectives:

- 1. Ensure immediate access to food for food insecure people through life-saving assistance*
  - 2. Strengthen vulnerable conflict-affected households' self-reliance and contribute to the economic capacity by protecting and restoring agricultural and non-agricultural livelihoods*
- 64 (sixty-four) participants representing 44 institutions attended the latest FSLC coordination meeting (March 2022). The institutions include donors, Ukrainian government and local administrations, NGOs and international organizations (including UN agencies and the Red Cross movement)

## 2. Update on Cash Coordination caucus

---

### Background

- Grand Bargain sub-workstream launched Cash Coordination Call for Action which was signed by 95 senior humanitarian leaders asking for “predictable and accountable cash coordination within the humanitarian architecture”.
- Grand Bargain 2.0 launched Cash Coordination Caucus which developed model.
- Cash Coordination Model presented to IASC and endorsed on March 28, 2022.

## 2. Update on Cash Coordination caucus

---

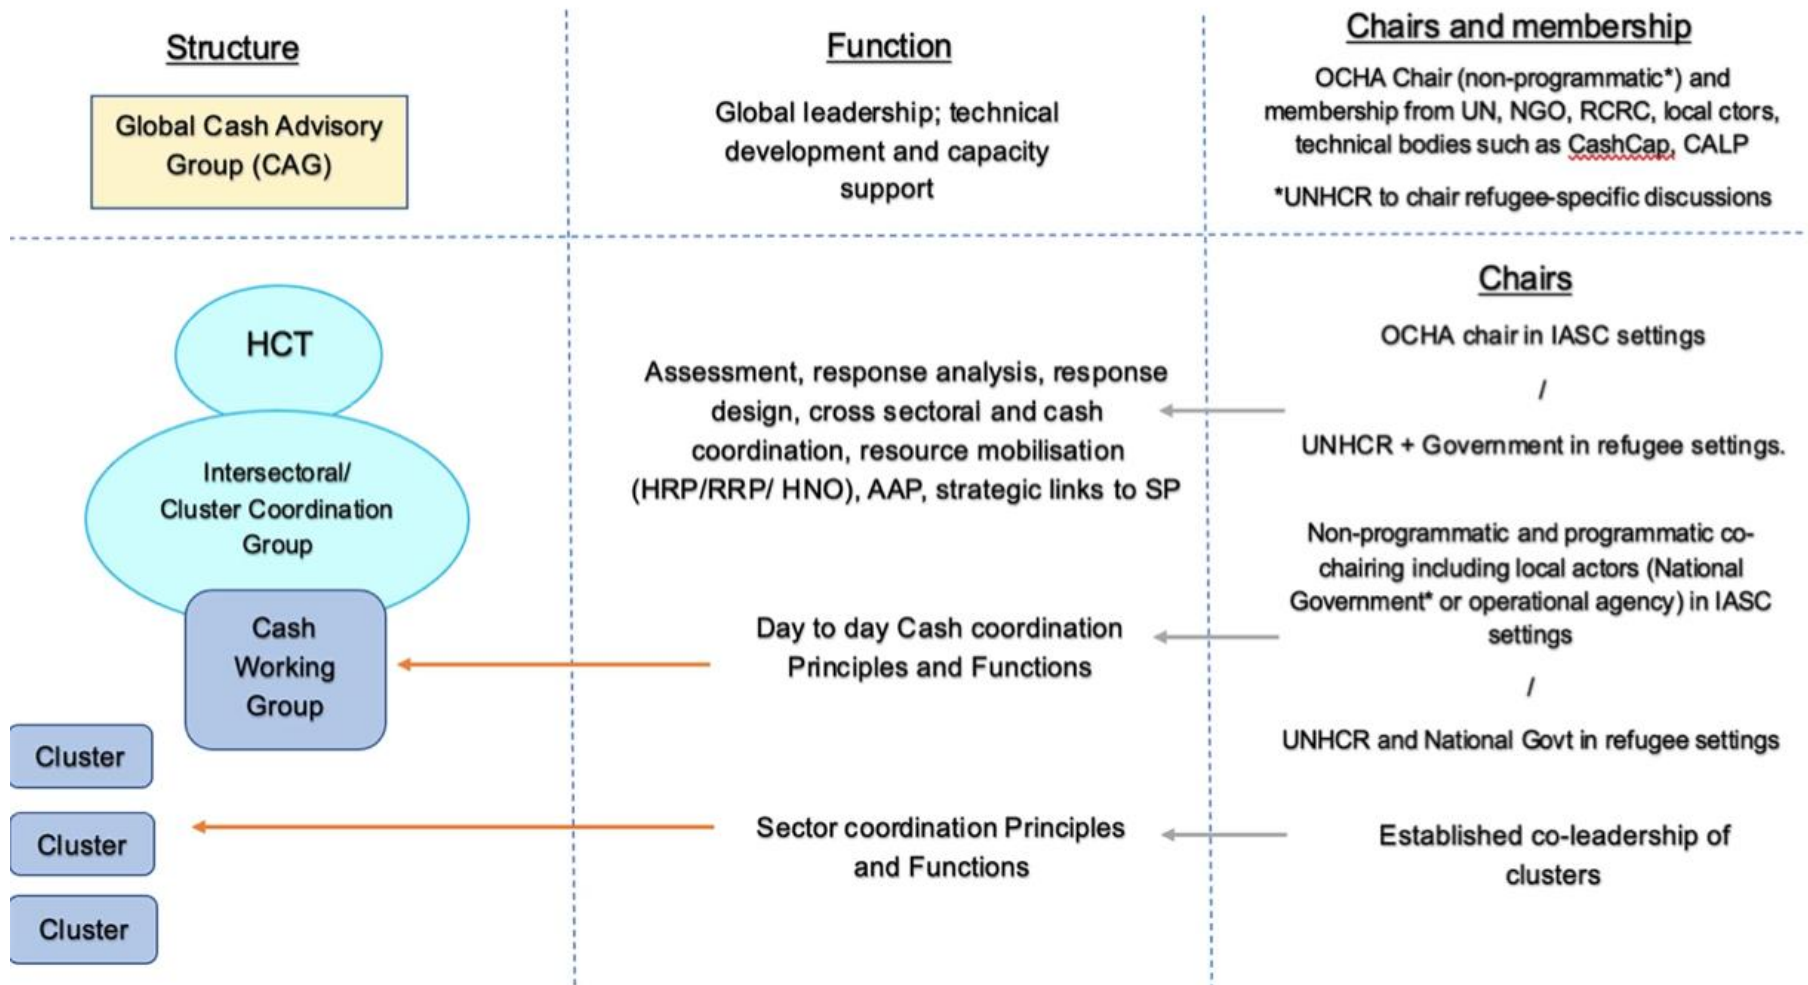

### Key elements of the model

1. Determined core principles and functions of cash coordination
2. Inter-sector/inter-cluster coordination (IS/ICCG) group is accountable for overall cash coordination, with tasks delegated to a formalized Cash Working Group
3. At a global level, a Cash Advisory Group will be established and chaired by OCHA (UNHCR will chair refugee coordination issues ) to ensure adequate, predictable and timely capacity for cash and supports the development of tools/guidance/capacity for the coordinators.
4. At country level, there should be a co-chairing model including both a programmatic and a non-programmatic chair, and that it should strive for one of the co-chairs to be a local actor.
5. A basic staffing model, adaptable to the context, and principles for resourcing (cash coordination funding needs should be visible and transparent, with clear funding channel), including at the global level (surge, capacity development).
