In November, 23 FSC partners collectively assisted a total of 226,558 people out of which 95% received food items through in-kind, e-voucher/paper voucher modalities while 5% received agriculture & livelihoods support like grants for small business, fish farming and processing, home gardening, poultry and agriculture-related trainings. As part of IRC’s scale up in the SW, it conducted a vendor capacity assessment to better inform the implementation of voucher food distribution in Ndian Division. To further strengthen the food security among the affected population, WFP introduced Blanket Supplementary Feeding Programme (BSFP) with CSB++ that reached 3,856 children and 3,655 pregnant and lactating women in SW with plans to roll out in NW in the coming month. FAO also distributed some construction materials to 1,800 people in the SW as part of its poultry farming activities.
