# CLUSTER UPDATES

(IM, Dynamic Dashboard Overview)

# IM update – September Dashboard Overview

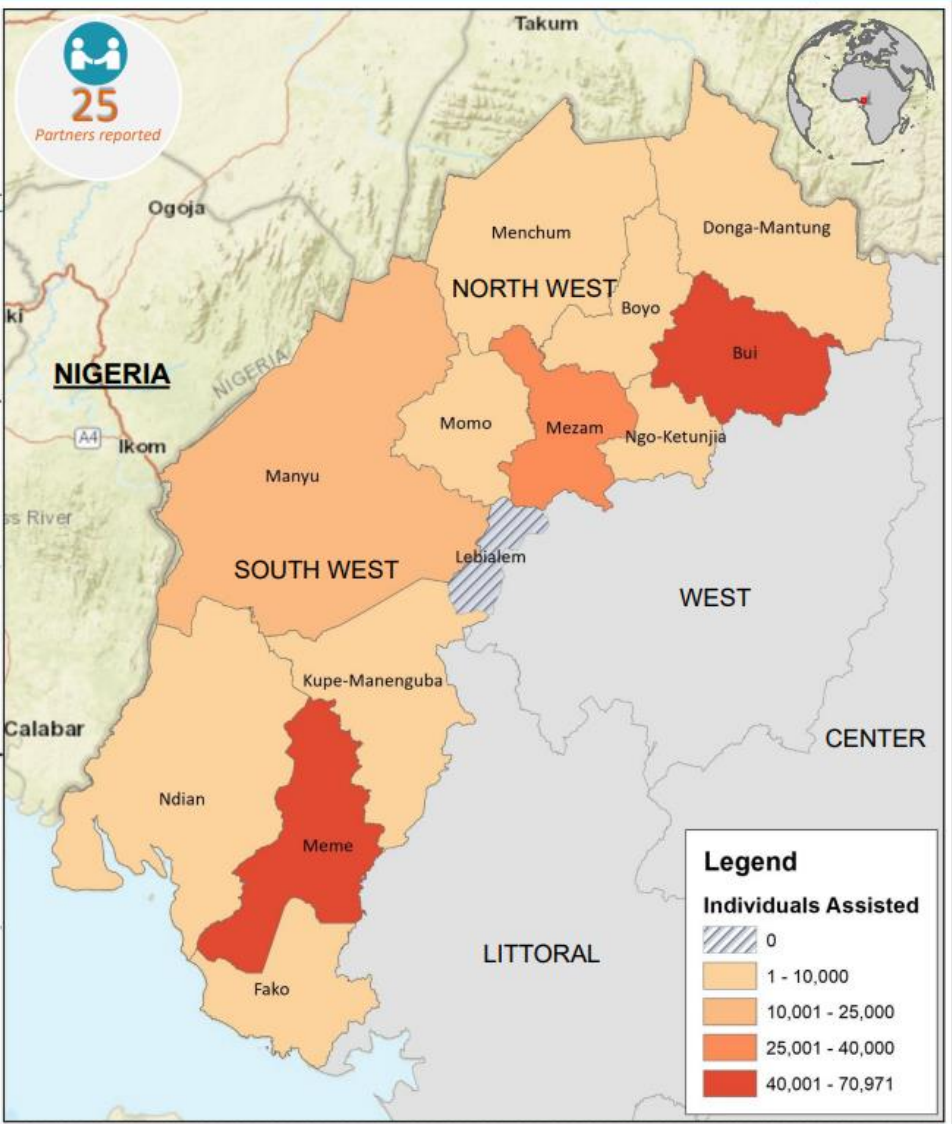

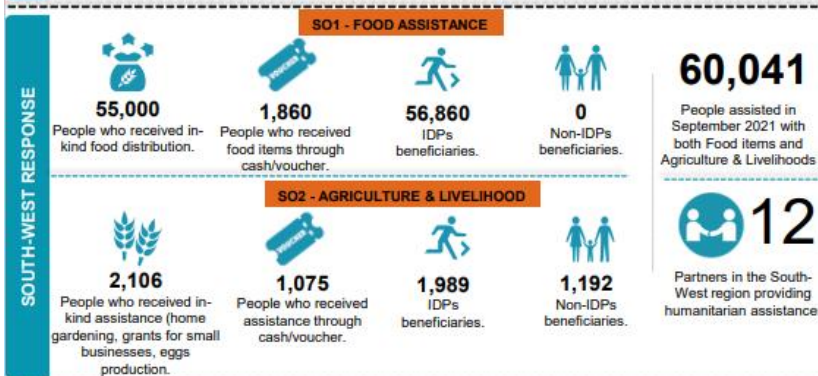

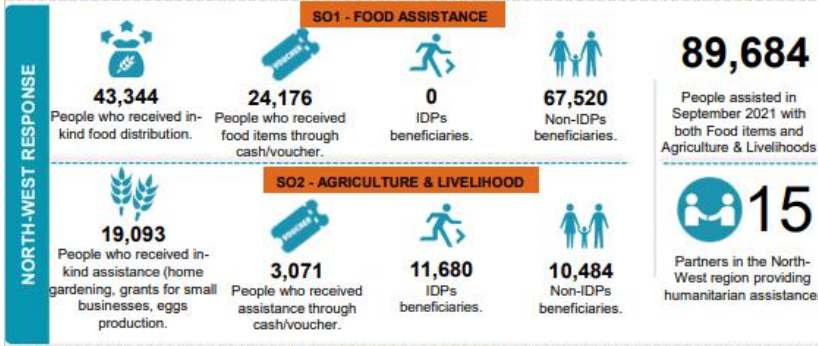

## North West/South West REGIONS OF CAMEROON FOOD SECURITY CLUSTER

### FOOD SECURITY CLUSTER DASHBOARD

#### North West/South West - Cameroon

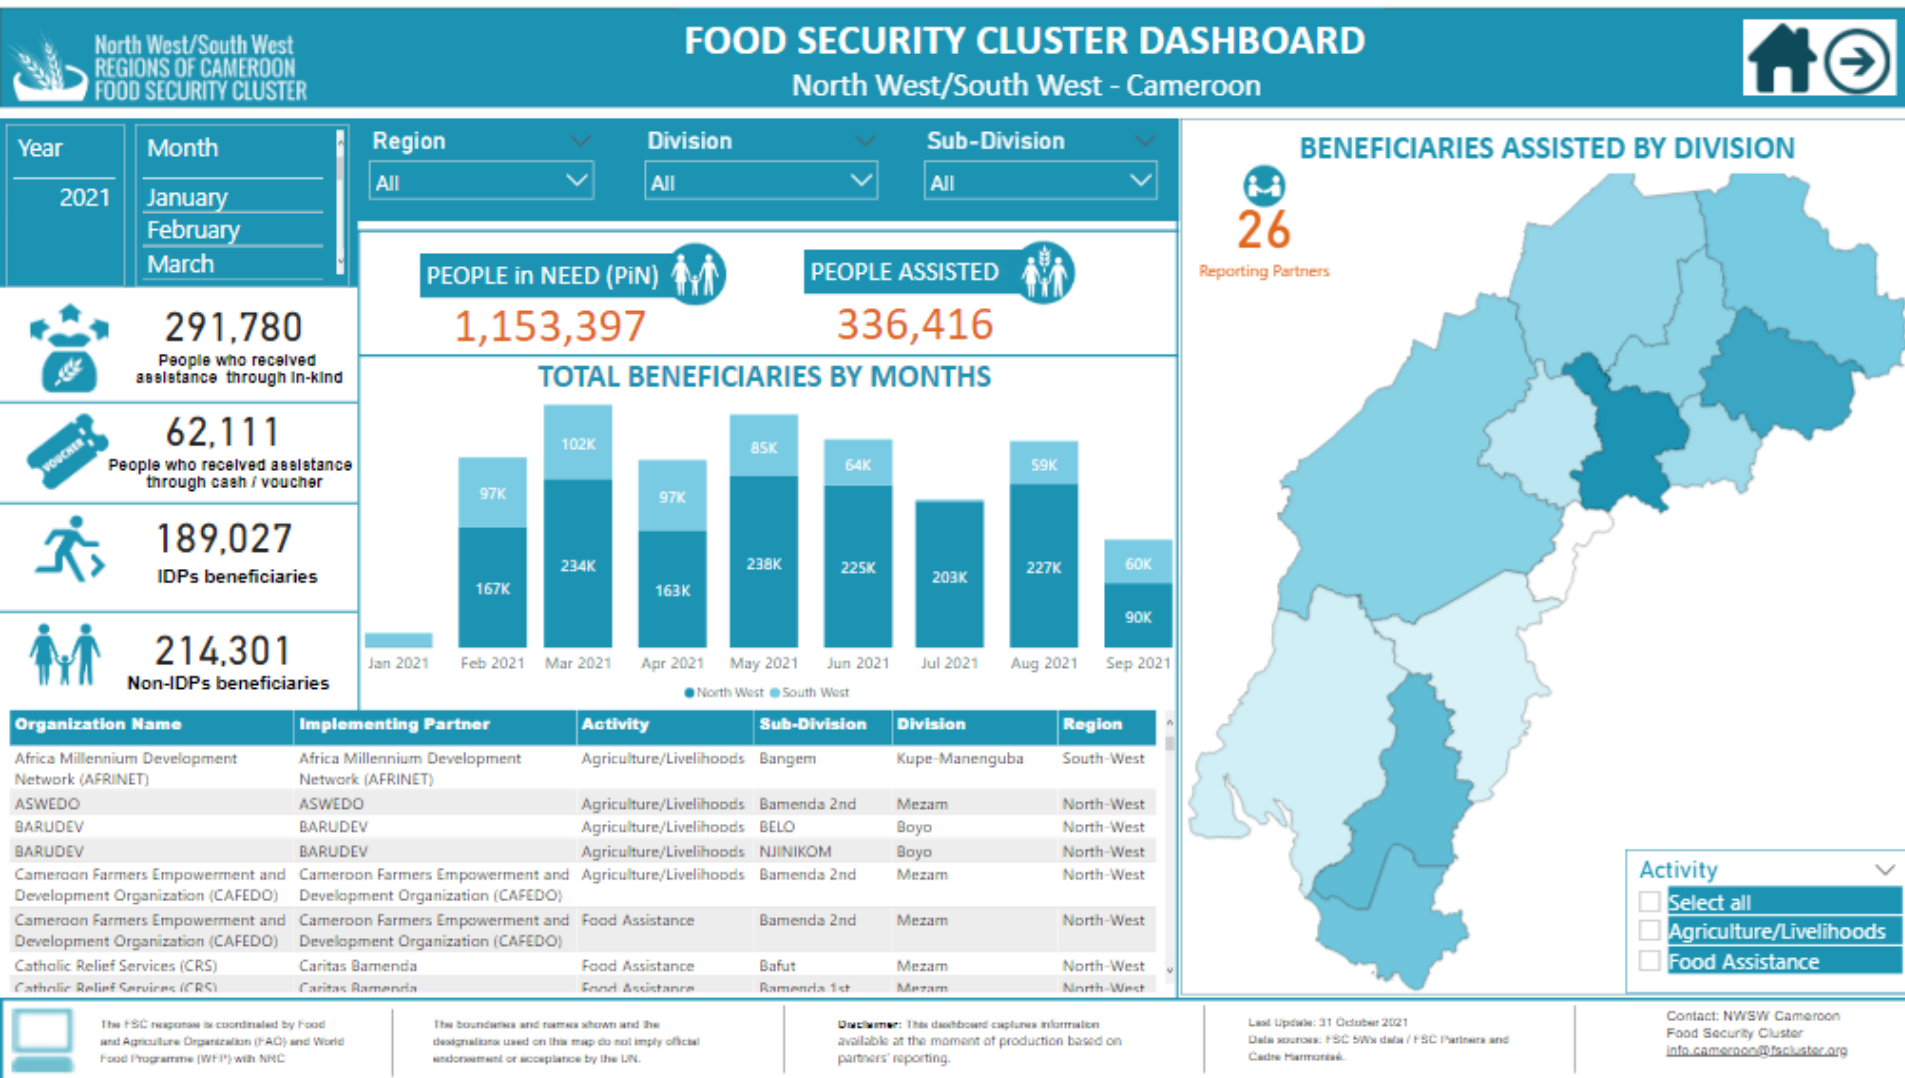

September 2021

As of September, 25 partners collectively assisted 149,725 people with emergency food, agriculture, and livelihoods humanitarian assistance, this represents a 48 percent downward trend as compared with the achievement in August 2021. Out of the total beneficiaries, 30,000 people received assistance through cash and voucher modalities. The imposed lockdown across the NWSW regions in September left about 170,000 of our usual monthly beneficiaries (mainly in the NW region) without receiving any form of assistance as roads, markets and other commercial activities were closed. WFP SW assisted 55,000 people of its 80,000-beneficiary caseload through double rations in August. As part of the cluster's capacity building strategy, 2 National NGO staff have been selected to attend the Cadre Harmonise workshop scheduled to hold from 18th-24th October 2021 in Mbankomo, the results will guide our planning for the upcoming HNO/NRP 2022.

# IM update – Dynamic Dashboard Overview
