**Cluster Objective 2:** Enhance and sustain emergency food production through complementary vegetable and crop livelihood inputs and fishing and livestock support in IPC 3, 4 and 5

**Cluster Objective 3:** Reduce dependency on food and agricultural inputs to support and strengthen households' ability to absorb shocks across 78 counties

## COUNTRY RESPONSE UPDATE

From January to September 2022 FSL cluster reached a total of 386,200 households with livelihood kits (crops, vegetables and fishing kits) to improve food production. An estimated 9.1 million livestock have been treated and vaccinated by FAO and FSL partners as of September 2022.

A total of 318,245 people have been supported with different types of trainings, asset building and market support to build their capacity and reduce dependency on food and agricultural assistance.

108 FSL partners supported the enhancement of food production and building resilience of vulnerable households in South Sudan.
