

## CO3. RESTORING LIVELIHOODS

During July – September, FSLC partners assisted **5,918** people (or 59%) out of 10,014 people targeted in 2021 HRP. It is 81% higher than the second quarter of 2021 achievement – 3,270 people assisted. Cumulatively, **15,239** beneficiaries were assisted throughout January – September 2021, that exceeds the number of total people targeted by 52%. The contributors for the third quarter report in GCA locations are NRC (77% of all people assisted in Q3), followed by URCS (7.4%), FAO (3% of people and 23 institutions assisted), IOM (2%) and DRC (1.4%). Other partners operating in NGCA contributed 9% providing livelihood agricultural grants and assets. The need to protect and scale up livelihood activities remains high, including promoting community-level resilience to shocks.
