

# Joint Monitoring Framework – Factsheet

**NOTE:** 100% of Rohingya refugees were identified as FSS People in Need

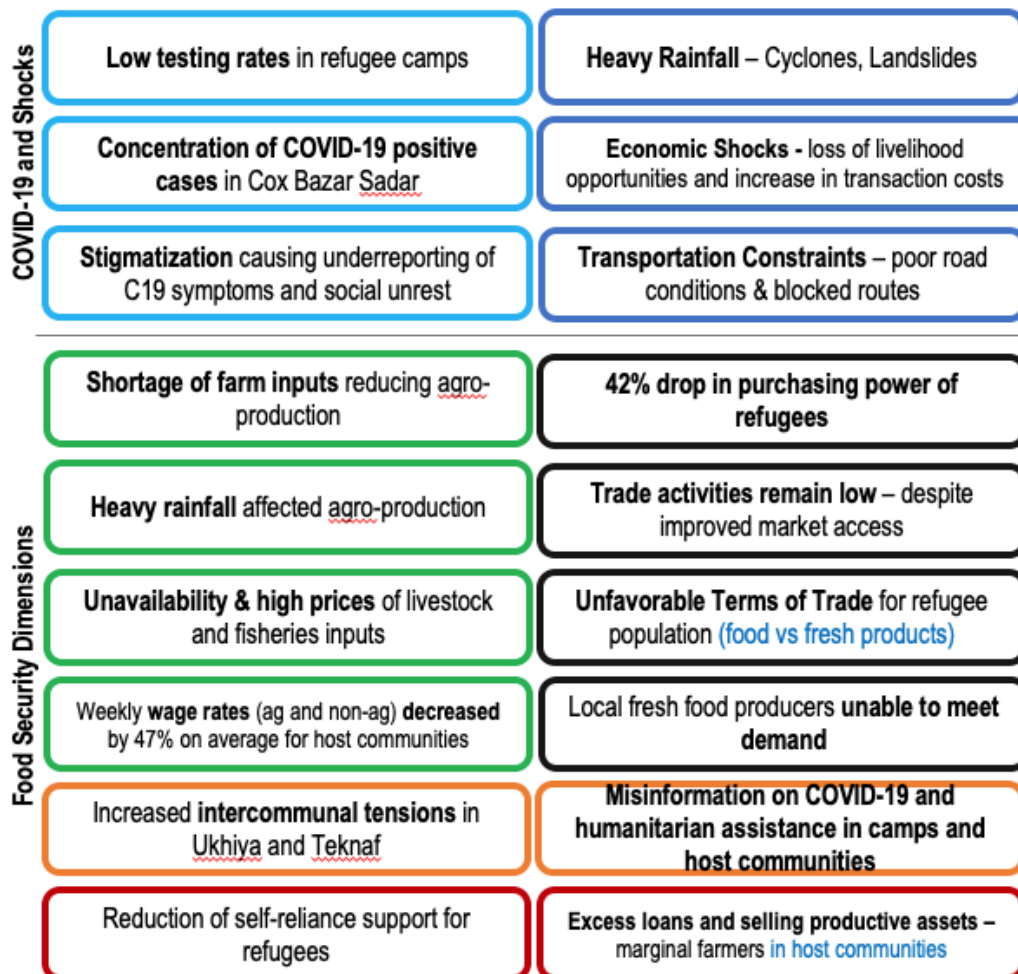

## Key Highlights

### Host Community

- Disproportionate disruption of livelihoods /self-reliance activities
- Depletion of savings/buying food on credit reported
- 72% decrease in weekly wages
- High no. of COVID-19 cases diagnosed in Cox's Bazar Sadar
- High risk of monsoon flooding

### Rohingya Community

- 95% of households experienced decrease in income and increase in credit borrowing reported
- Critical food assistance remained, but decrease in other food security & Nutrition assistance and interventions due to lockdown and restrictions
- Deterioration of overall health status, safety, access to education and increase in economic vulnerability

## Programmatic Recommendations

### Host Community

- Increase economic interaction between Rohingya and host community. e.g. farmers market
- Integrate host communities in circular assistance projects to improve social cohesion and sustainability
- Support Communication with communities on humanitarian assistance
- Interventions to improve shock-responsiveness markets
- Digital solutions to support interactions between supply and demand of goods and services
- Alternative training methods – need to measure impact on shift in training modalities
- Economic recovery support programmes to rebuild livelihoods
- Increase/expand assessments to fill highlighted Information gaps

### Rohingya Community

- Maintain stable and constant food assistance
- Improve access to nutritious, fresh food items
- Further analysis on benefits/impact of home gardening on nutrition impact and dietary diversity
- Address misinformation on food safety through sensitizing beneficiaries
- Promote circular programming to decrease dependency on aid and improve self-reliance

## JMF – Recommendations and next steps

- Increase assessment advocacy and **prioritization for areas with data and information gaps**
- Improve Host Community **Data Availability**
- Increase **engagement of FSL experts** for JMF updates
- Develop Data & Report **Repository**
- Continue and expand **Market Monitoring** outside camps
- JMF Monitoring to be performed **quarterly**

## Cox's Bazar JMF Overview

### Data Availability

- 10 unique data sources
