1. Update on the water crisis and drought-like conditions emergency response plan – **Mohie**

- Consolidated Response Plan to the Water Crisis in Northern and Northeastern Syria was launched on 9th Sept 2021.
- Total funding requirements of \$200m,
- Response plan is geographically limited to the Governorates of Deir-ez-Zor, Al-Hasakeh and Ar-Raqqa as well as northeastern Aleppo Governorate,
- Identified funding gaps are for the next four months (September-December 2021),
- Targeting immediate activities to be implemented in next six months (up to end-February 2022), and be connected with 2022 HRP.
- Plan has been circulated to donors by OCHA and donors will reach out to sector coordinators.
- Sector partners will be informed accordingly.

2. Progress and update on reserve allocation (RA) – Coordinators

Planning and Prioritization

- OCHA is planning to release a reserve allocation to address emerging humanitarian needs.
- The RA seeks to address the impact of the ongoing water crisis and drought-like conditions and other emerging challenges (TBC)
- OCHA plans to release the 2nd RA and announce the overall sector and multisector envelopes in the coming days.

3. Update on Agriculture Working Group (AWG) – Jameson

- Elections were held in September 2021,
- Action Against Hunger (AAH) duly elected as Syria HCT AWG co-Chair,
- A survey to determine the 2021 priorities has also been sent to AWG,
- AWG still open to new members (will circulate email),

4. Situational update and response in Dar'a – Mohie,

Shortages of flour and other essential food items in Dar'a Al-Balad continue and the local market is unable to meet the population's needs and WFP's August cycle for the distribution of general food assistance delivery of food including ready-to-eat packages (RTE) to an estimated 445,000 people across Dar'a Governorate is delayed.

About 21,000 people have been reached by WFP. Over 1,230 ready-to-eat packages were distributed to IDP families in the collective shelters as well as the IDPs in host communities of Um Al Mayadeen, Nimeh and Bosra Ash Sham. A further 3,121 food baskets from WFP and sector partner were provided to IDPs in host communities. In total, the distributions benefitted approximately 21,000 people. In addition, partners have distributed about 44,000 bundles of bread to IDPs.

Suggested Action points	Relevant indicators
Harmonize recommended key indicators the safety monitoring tool across the sector	# number of partners who conduct site monitoring and/or safety Audit to check the safety of beneficiaries and PWD using the harmonized tool
Generate/ develop recommendations based on the results of the safety monitoring/audit	# of recommendations that came out as the result of site monitoring/safety audits to enhance the safety and security of services
Train staff on GBV risk mitigation (through the e-learning course)	# of staff that are trained on GBV Risk mitigation e-learning course
Recommendations and messaging for implementing complaints mechanism	# number of partners that have a complaint mechanism

7. Information Management (IM) – Monthly Operational Updates (Coverage and Reach) –
Moteb/Ruba,

Good day and
Stay SAFE
