Strategic Objective:
• Food availability and access for acutely food-insecure populations is improved.

Output:
• Food insecure households receive emergency food, cash transfer and voucher assistance

Indicators
• Percentage of people in need receiving food, cash transfer, and voucher assistance
SO1 Food Security – Priority Activities

• Unconditional Restricted Cash
  - Cash
  - Mobile Money
  - Vouchers

• In kind food distribution

• Protective Nutritional Ration
SO1 Food security - Priority Districts

- Gokwenorth – 165,840 people in IPC phase 3 and 4
- Kariba – 26,348 people in IPC phase 3 and 4
- Mbire – 112,906 people in IPC phase 3 and 4
- Mwenezi – 79,770 people in IPC phase 3 and 4
- Buhera – 143,552 people in IPC phase 3 and 4
- Chivi – 79,319 people in IPC phase 3 and 4
- Uzumbamarambapfungwe – 59,770 people in IPC phase 3 and 4
- Mudzi – 70,725 people in IPC phase 3 and 4
- Binga – 59,060 people in IPC phase 3 and 4
Strategic Objective:
• The resilience of vulnerable populations to food crises is enhanced through support to the restoration of livelihoods and agricultural production

Output:
• Vulnerable populations restore their livelihood and agricultural productive capacity

Indicator:
• Number of HH receiving agriculture/inputs support
• Number of people receiving agriculture trainings
• Number of agriculture community assets constructed/ rehabilitated
SO2 Agriculture and Livelihoods – Priority Activities

• Restoring crop production:
  - Provision of drought tolerant seeds for cereals and legumes, fertilizers, training of extension farmers and workers on climate smart agriculture
  - Crop Production training for food and cash crops
  - Post- harvest handling storage and processing

• Restoring livestock production:
  - Restocking of Small Livestock
  - Provision of stock feed and fodder production
  - Livestock Vaccination and Disease Surveillance
  - Rehabilitation of Dip Tanks

• Enhancing access to water for productive purposes :
  - Rehabilitation and solarization of water points
  - Provision of Garden Kits
To prioritize zones and beneficiaries, the following documents should be consulted:

- 2 Round Crop and Livestock Assessment
- ZimVac
- Agro-ecological map
