

Filling the “Cash/Voucher” section of the 5Ws template

Cash/Voucher

Select from the drop down	Select from the drop down if the delivery modality is cash/voucher	Select from the drop down	Select from the drop down	Select from the drop down	Indicate the total transfer value in either in USD or SSP per HHs	
* Delivery Modality	Is it Multipurpose Cash (MPC)	Type of CVA Modality	Delivery Mechanism	Frequency	Value (SSP)	Value (USD)

Delivery Modality – The form of assistance provided to recipients

- ✓ Inkind support
- ✓ **Cash and Voucher Assistance**
- ✓ Hybrid (inkind and cash)
- ✓ Service support support

Type of CVA - What the interventions aim to achieve (objectives) and/or how they are designed

- ✓ Sectoral cash for example cash to access food, cash to access shelter materials etc
- ✓ MPCA – What is MPCA? Multi-purpose cash assistance is a cash transfer (either regular or ad-hoc) corresponding to the amount of money a household needs to cover, fully or partially, their basic needs

Conditionality - Activities or obligations that must be fulfilled in order to receive assistance

- ✓ Unconditional
- ✓ Conditional example cash for work, receive cash for having taken child for immunization, receive cash for having taken child to school etc

Restriction (utilization) - Limitations, if any, on use of assistance received. What a transfer can be spent on after the recipient receives it.

✓ Unrestricted

✓ Restricted

Delivery mechanism - The means of delivering a transfer

✓ **Vouchers** – Paper voucher or electronic voucher

✓ **Cash** - mobile money, cash in hand, bank transfers etc

Frequency – how often do you transfer the cash? Weekly/monthly/quarterly/one off

Transfer value – Amount of cash transferred per individual/HH/ value of the voucher in SSP/USD

Total value transferred – Total cash transferred to the total HH reached per location
