In May, the Food Security Cluster response has maintained a focus on camp assistance to food insecure beneficiaries and maintained a trend towards cash (up to 21% from 13% in April) and food modalities for returnees.

Ramadan distributions are seen as a spike in partner reporting, with an additional 10 active partners in May. We would expect to see active partner numbers diminish as ad-hoc distributions cease post Eid. It is encouraging that partners report intermittent distribution patterns however.

This type of partner activity also affects target beneficiary reporting, and should not be taken as an ability of cluster partners to meet the protracted needs of beneficiaries. Of note is the increase in partner activity for SO 2+, with more reporting of agricultural inputs and livelihood/resilience programming.

This trend should become more apparent over the coming months, with returnees in need of SO2 modalities over emergency related repsonses.
SO1: Provide emergency food assistance to displaced families living in camps and sub-standard accommodation (related to HRP SO 1 and 3)

Reported activities for Strategic Objective One – May 2018

Strategic Objective One - Activities

- 10 FSC partners reported 538,155 individuals (89,693 HHs) received support from Monthly dry food rations (30 days)
- 6 FSC partners reported 251,670 individuals (41,945 HHs) received support from Mixed Dry food items
- 1 FSC partners reported 4,890 individuals (815 HHs) received support from Ready to eat rations
- 3 FSC partners reported 212,810 individuals (16,130 HHs) received support from Monthly cash or voucher transfer (90 days)
- 1 FSC partners reported 85,000 individuals received support from Emergency School Feeding
- 2 FSC partners reported 6,080 individuals received support from Cooked meals

Total Number of Beneficiaries Assisted by Food Security Cluster Partners - May 2018

**Total Number of Beneficiaries Assisted:** 1,105,275* 

*The cumulative figure includes possible double-counting across types of assistance and contexts, due to fluid population movement as a result of a rapidly changing environment.

1. Do not create a "New Submission" if you have already created one last month but click on "Edit" and select the month "June" then enter June's data.

2. For reporting your achievements in current month you should select the Start date and End date within current month. For example for June: Start date (10/6/2018) and End date (15/6/2018).

Monthly reporting on the activities completed is critical. It allows us to capture and represent the collective progress of the humanitarian response in Iraq. With your input, the Dashboard helps evaluate the response so far, identify gaps, and inform decision-making moving forward. If you need access to ActivityInfo or information on how to upload content to the platform, please do not hesitate to contact us.

- CAPACITY BUILDING SCHEMES
Call for Proposal (CfP)

The United Nations World Food Programme (WFP) is pleased to invite organizations to submit project proposals for the implementation of Cash for Asset (CFA) programs to support the rehabilitation of irrigation infrastructures identified by the Directorates in Anbar and Salah al Deen and approved by the Ministry of Water Resources. WFP will also consider proposals for other livelihood restoration projects in these two governorates provided they meet the criteria below.

Submission of proposals:

Please submit proposals via email by **July 8th** at midnight (BGW time).

The subject of the application email should be as following: “WFP CFA Call for proposal June 2018 - Name of Organization”

Please address queries and project proposals to: co irq partnerships@wfp.org

Each submission should include:

- A cover letter with the organization’s letterhead/logo, signed by its authorized official
- A copy of GOI registration
- Project proposal (see narrative plan - annex 2)
- Project budget (annex 3)
Thank you very Much
