3. Off camp food assistance

FSC presented the recent concentration of assistance in camps by WFP and the ongoing progress to support the transition from “status” to “vulnerability” targeting.

FSC emphasized the importance of reporting activities to identify key operational partners and stocks (notably off camp actors).

Off camp food assistance

- **July 1st transition**
 - Comprehensive food security and vulnerability analysis
- **Status based targeting to vulnerability based**
 - IDP vs. food security indicators
 - Household FCS, food expenditure, food and livelihood coping strategies
 - Food availability, access, utilization and stability
- **Next steps**
 - Referrals and previously supported populations
 - Identification of food insecure populations
 - Identification and approach for off camp food assistance
 - Reintegration into Public Distribution System

4. Anbar operational updates and planning

Off camp food assistance

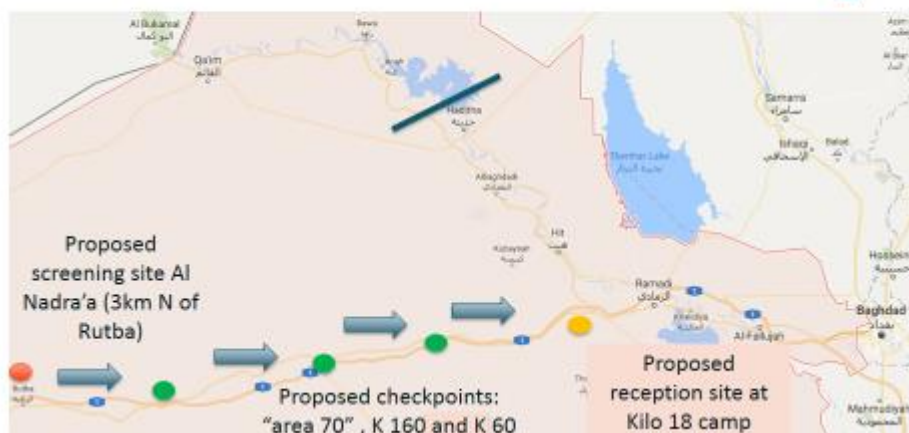

- **July 1st transition**
 - Comprehensive food security and vulnerability analysis
- **Status based targeting to vulnerability based**
 - IDP vs. food security indicators
 - Household FCS, food expenditure, food and livelihood coping strategies
 - Food availability, access, utilization and stability
- **Next steps**
 - Referrals and previously supported populations
 - Identification of food insecure populations
 - Identification and approach for off camp food assistance
 - Reintegration into Public Distribution System

Anbar Operational Updates – Scenario planning

- **Deputy governor & JCMC meeting (July 18th)**

5. Partners' operational updates

1- Since the closure of kilo 60 camp:

314 families have been transferred to AF camps and they are currently living in:

Al-Najat

Akram Al-Fallujah

Camp#20

In HTC, Around 288 families entered this area and they have been distributed in two camps:

Al-Hijrah camp
Fallujah camp

RRM have been distributed through RIRP and NRC in HTC and AF

2-Regarding WFP partners.

MH Started FFR distribution in AF few days ago

The last FFR distribution in Bzeebz was on 22-6 by ISHO. (MH is planning to do the next round soonest)

The last FFR distribution in HTC was on 15-6-2017 by MA. (We should speed up the process) there is need for food there.

The last FFR distribution in Khaldiya was on 12-6-2017 by MA.

(We should speed up the process) there is an urgent need for food there.

The last FFR distribution in Kilo 18 camp was on 12-6-2017 by MA

The last FFR distribution in Kilo 18 camp was on 11-6-2017 by MA

The last FFR distribution in Kilo 60 camp was on 11-6-2017 by MA (The camps has been closed earlier)

3-Kitchens and fuel:

AF – 13 communal kitchens are existed but all of them are not functional. (Most of them are equipped by families while others is using for storing issues).

HTC- 8 Communal kitchens are existed in HTC camps but they are not functional (Most of them are equipped by families).

Khaldiya- 2 Communal kitchen are existed in Khaldiya camps, and they are currently not functional.

Bzeebz- Only one communal kitchen is existed in Bzeebz Al-Markzi camp and its using for accommodation purpose (Not functional).

K18- No communal kitchens are existed there.

Most of the families cooking inside their tents, they are Procuring the fuel.
