KR-I Food Security Cluster Meeting – Agenda

1. HRP 2018
2. FSC in 2018
3. Updates from partners
4. FAO call for proposal
5. AOB
HRP 2018

- OPS feedback

FSC partners that submitted projects that were not accepted or recommended for the 2018 HPR were highly encouraged to request feedback and arrange bilateral meetings with FSC. The feedback process on the proposals reviews general proposal development and specific feedback on each section of the OCAH templates.

2018 Strategic objectives (pending official launch of HRP):

1. Provide access to food for displaced families living in camps and sub-standard accommodation
2. Provide agricultural inputs or services to protect agricultural productive assets and help restore fragile livelihoods of returning or vulnerable families
3. Improved quality of the response based on evidence, capacity building and strong coordination with national stakeholders

- RRP resilience and recovery program

Introduction to the upcoming Resilience and Recovery Program that centers on the non-humanitarian activities and the transition between emergency and recovery or reconstruction. Several activities in 2017 that were previously included in the 2017 HRP, are now included in the RRP. These largely include, rehabilitation activities or interventions that promote resilience to food insecurity.

- Kuwait conference

At the upcoming Kuwait conference in February, plans are to introduce and launch the RRP and HRP to the international community. Further details for interested partners will be shared once available.

- IHP standard allocation

OCHA Humanitarian Financial Unit has not communicated the next allocation date or details. Further information will be available in the coming months.

FSC in 2018

To increase greater feedback and accountability to partners the FSC is requesting support from partners to identify NGO focal points to assist the WFP/FAO focal points in each of the below hubs. A terms of reference is available for interested partners, with a request to contact the FSC though info.iraq@fscluster.org (with ryan.freeman@wfp.org in cc).

NGO CO-CHAIR AND FSC FOCAL POINTS

- SULAIMANIYAH - WVI
- KIRKUK – KRA
- BAGHDAD (CENTER & SOUTH) – UMIS
- ERBIL (VACANT)
- DOHUK (VACANT)
Workshops and Trainings

In line with the FSC strategic objectives for 2018, the FSC will be conducting several trainings and events for partners in each of the hubs (if feasible). Currently, FSC is planning to have four to five workshops each month for partners (including government stakeholders or focal points).

The initial trainings in January will focus on Prevention of Sexual Exploitation and Abuse (PSEA) with February focusing on food basket design and nutrition sensitive agriculture. A questionnaire will be circulated out to partners to express their interest in training or workshop topics.

Assessments and reporting

The FSC in collaboration with the Assessment Working Group (AWG) is encouraging partners to share their relevant assessments (field visits, observations etc.) once available. The FSC is collecting all relevant assessments and expanding the assessment registry for partners. This registry is open to all partners and will be updated monthly. Partners who do not want to circulate assessments to the full membership are still encouraged to share with FSC as we can accommodate confidential or “internal” reports.

WFP VAM and partners have also circulated the latest mobile VAM update from December. You can find it on the [http://fscluster.org/iraq](http://fscluster.org/iraq) and [https://docs.wfp.org/api/documents/WFP-0000051244/download/](https://docs.wfp.org/api/documents/WFP-0000051244/download/)

In line with the 2018 HRP, and updated version of Activity Info, the FSC will rollout additional training to partners on reporting and Activity Info.

Updates from partners

- ACF: Starting Cash for work project in Old mosul city in west mosul for 30 Households.
- HAI: Starting school feeding program with WFP in Mosul city.
- EORD: Distributing cooked meals in Hamam al-ail 1 camp.
