This map indicates the Non-HRP areas where FSC partners’ projects are being implemented at the moment. It is based on the FSC 5W matrix, hence it reflects only the activities of the organizations that have agreed to share their 5W info with the cluster. For those actors who are not listed and who are currently conducting food security activities, we encourage them to share the matrix with the FSC. Since projects can finish or start at any time during the year, this mapping will be shared every month in order to have a realistic and up-to-date version of the current situation.
