### Strategic Objective 1 Update

In April, WFP responses constituted 70%, FAO 14%, CARE 9%, SCI 3%, and the remaining 4% was provided by DRC, IRW, SIF, ACF, WV, Candlelight, NRC, CESVI, Mercy corps and WHH combined.

Responses in Bakool, Banadir, Bari, Lower Shabelle, Middle Juba and Nugaal are less than 25% of the target. Over 1 million people are excluded from assistance due to funding shortfalls: an estimated US$51 million is required through July 2021 to meet this gap.

There are already more negative coping strategies emerging now due to the combined impact of locust infestations, climate shocks and COVID-19 through 2020.

Notably, people assisted with unconditional transfers are mostly those in IPC 3 or worse who experience significant consumption gaps.
