**Strategic objective 1 update**

Notably, partners intervention reduced, due to access and funding. Recent floods have escalated access problem. In July, WFP responses constitute 54%, SCI 13%, FAO and IRW 7% each, Care 5%, ACTED and CWW each 3%, Mercy Corps 2%. IRC, AAH, CESVI, DRC and NRC contributed the remaining 6% combined.

Furthermore, responses in Banadir, Lower Shabelle, Middle Juba were less than 30% of the target. Notably, people assisted with unconditional transfers are those in IPC 3 or worse who experience significant consumption gaps.
