Strategic objective 1 update

FSC partners assisted **1,552,612** people out of **2,736,733** targeted (**57**% achievement). The number of people reached under this objective is higher compared to what was achieved in March (i.e. 38%).

Nevertheless, coverage remains significantly below the needs: due to access and funding. As such, partners need to urgently scale up. In April, WFP responses constitute 68%, SCI 17%, FAO 11%, DRC, WVI, SIF each contributed 1%. Combined, NRC, CWW, Mercy corps, IRC, Candlelight, ACTED, TASCO, CPD, CODHNET and ARC contributed to the remaining 1%. Responses in Middle Juba, Lower Shabelle, Lower Juba and Banadir was less than 40% of the target.

Partners who received support from WFP were provided with two months rations (April/May): as part of measures to minimise contact in the context of COVID 19. Notably, people assisted with unconditional transfers are mostly those in IPC 3 or worse who experience significant consumption gaps.
