FSC response June – Context Analysis

- Twenty-six (26) partners contributed to multiple food security assistance during calendar month of June 2018.

- Immediate access to food for populations affected by flood, cyclone, drought, conflict (displacement) and disease to address acute food insecurity situation in Somalia.

- Support to flood and drought affected populations to protect their livelihoods, enable local food production and prevent adoption of “crisis” strategies.

June
• The Contagious Caprine Pleuropneumonia (CCPP) vaccination was the activity of the month.

• FAO have contributed the highest share of the beneficiaries assisted in June at 97%. SCI, RI, HAS, ARC, NAPAD, Islamic Relief and QC contributed the other 3%.

• Following the increase in responses in areas affected by flooding, including on animal vaccinations and support with seeds for re-planting, in some locations the seasonal targets for inputs have been met or exceed.

• It is important to note that the high coverage is location and activity specific (e.g. Hiraan, Middle Shabelle, Bakool, Gedo, Lower Juba, Sool, Mudug, Togdheer); however, this results in higher number in terms of the overall absolute number of people reached.
• Through conditional assistance (Cash for work/training and food for asset) 85,588 people out of the people out of the targeted 1,450,357 were reached.

• CARE provided 26% of the responses, WFP 14%, FAO 12%, and the remaining 48% was attributed to SCI, ACTED, WVI, PENHA, ARC, HAS, Candlelight, HOD, World Concern, NRC, Islamic Relief, Mercy corps, ADO, NAPAD and QC.
