FSLC Partners achievements in November 2021

Food assistance - 829k beneficiaries

- Lean Season assistance for both rural and urban beneficiaries
- Cash programming in urban at 40% of the total assistance delivered with 3% of total support as cash in rural areas.
- Food in-kind delivered to persons in host community and those living in camps with a total of 57% of total assistance.
During the month of November 2021, FSL Cluster partners reported having reached 829,500 people with either in-kind food distribution, cash or vouchers modality in both rural and urban areas. Among them, 331,013 received cash-based support in urban areas, 26,379 in rural areas while the remaining 471,115 beneficiaries received in-kind food assistance.

The month of November marks slight uptrends in food assistance (cash and in-kind), as expected due to organisations’ lean assistance programmes being progressively implemented. Food in-kind is the largest share being 57% of the overall assistance. This month approximately 70% of the overall food security target for the lean season has been reached through six partners, with WFP contributing for 89% of the total.

The number of people reached include 482,806 2021 HRP.

From January to April, Government data are also represented.
Agriculture and livelihoods – 295k beneficiaries

Key activities shifting towards planting season preparation:

• Provision of crop and small livestock inputs at 75% of the total support

• Training and extension services to officers and farmers on good agriculture practices with an emphasis on climate-smart agriculture, on and inputs for agro-ecology interventions such as soil conservation practices, soil reclamation techniques, and restoration of degraded landscapes. This forms 16\textsuperscript{th} of the total intervention.

• Lastly, 6% on rehabilitation of critical assets for animal survival and agriculture (dip tanks and animal drinking troughs) through other modalities (e.g., contracting a company)
Agriculture and livelihood assistance reported a total of 295,000 beneficiaries in November. This includes 220,792 people benefiting from the provision of crop and small livestock inputs, 55,911 extension officers and farmers received training, extension, and advisory services focusing on good agriculture practices with an emphasis on climate-smart agriculture, on and inputs for agro-ecology interventions such as soil conservation practices, soil reclamation techniques, and restoration of degraded landscapes.

Lastly, 17,965 beneficiaries received assistance in the rehabilitation of critical assets for animal survival and agriculture (dip tanks and animal drinking troughs) through other modalities (e.g., contracting a company). Overall support to smallholder farmers continues to increase in November, especially on crop and animal provision.

**PEOPLE REACHED**

295k

48% 52%

The number of people reached includes - under 2021 HRP.
Food Security and Livelihood coordination future functions and structures

Summary of FS Coordination in 2022

✓ Expanding the scope into humanitarian-development nexus
  ➢ The start will be data collection of all FS-related projects

✓ Technical engagement with national authorities at working groups or thematic level

✓ Refreshing NGOs co-chairing functions and representation
Summary of FS coordination in 2022

✓ Capacity to fully address emergencies leveraging on the existing mechanism

✓ Continue being accountable to the HCT and being active in the inter-sectoral mechanism (current ICCG)

✓ Enhancing Partners involvement WFP-FAO will continue supporting staff entering into 2022
Thank you!
