# FSLC Partners achievements in October 2021

## Food assistance - 345k beneficiaries

- Urban resilience programming and support to address vulnerable populations remains key
- Cash programming still dominating with cash intervention representing 99% of the delivered assistance.
- Food in-kind delivered to persons living in camps
- Limited number of active partners, five overall, with WFP covering 86% of the overall reached people

# FSLC Partners achievements in October 2021

## Agriculture and livelihoods – 169k beneficiaries

Key activities shifting towards planting season preparation:

- Provision of crop and small livestock inputs as a preparation to the planting season
- Extension officers and farmers receiving training, extension, and advisory services focusing on good agriculture practices with an emphasis on climate-smart agriculture, on and inputs for agro-ecology interventions such as soil conservation practices, soil reclamation techniques, and restoration of degraded landscapes.
- Rehabilitation of critical assets for animal survival and agriculture (dip tanks and animal drinking troughs) through other modalities (e.g., contracting a company)
- Continues the uptrend of number of farmers supported, initiated in July.

FSLC Partners Meeting, 19<sup>th</sup> November 2021

# Zimbabwe: Monthly FS Response Dashboard - Agriculture and Livelihoods

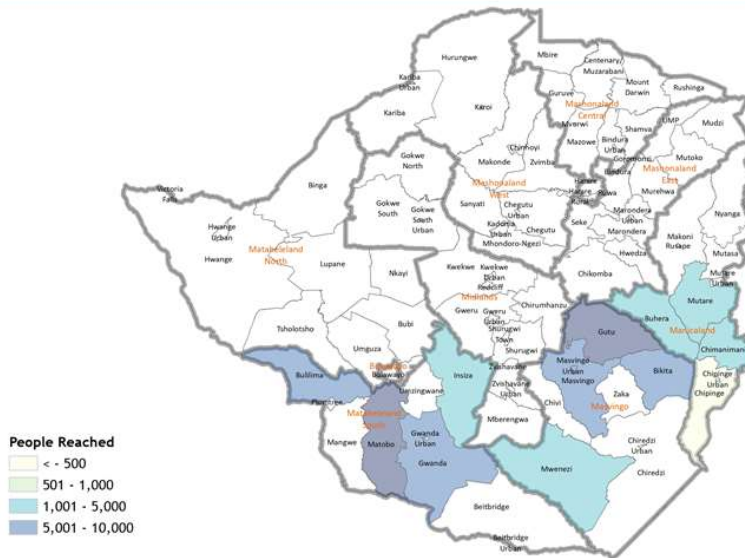

October 2021

Agriculture and livelihood assistance reported a total of 169,000 beneficiaries in October. This includes 7,690 people benefiting from the provision of crop and small livestock inputs, 59,265 extension officers and farmers received training, extension, and advisory services focusing on good agriculture practices with an emphasis on climate-smart agriculture, on and inputs for agro-ecology interventions such as soil conservation practices, soil reclamation techniques, and restoration of degraded landscapes.

Lastly 102,930, beneficiaries received assistance in the rehabilitation of critical assets for animal survival and agriculture (dip tanks and animal drinking troughs) through other modalities (e.g., contracting a company). Overall support to small holder farmers continue to increase in October, confirming the trend initiated in July.
