**FSLC comment:**
- Limited consultation – overtaken by COVID 19:
- Comments & scores similar to 2018 CCPM;
- Main issues for 2018 only partially actioned in 2019:
  - Quality of Assessment reports by partners on IRNA missions
  - Support to the sub nationals
  - Support to new entrant NNGOs
Sub national support:
- Re-worked/ edited the support & strategy guide
- Re-mapping of sub cluster in 2020
- Division of labor & support:
  - Viola – GE; Isaac – GBEG; and Alistair GUN;
- COVID 19 offers in some locations new online possibilities

Quality assessments:
- 2019 Maiwut piloted new IPC compatible IRNA tools: HH/ KII/ FGD / mapping & use of PRA tools;
- Could not recruit a FSAO: lost a catch & then COVID 19
- Rumbidzai expected:
  - Join NAWG; review reports ↔ feedback;
  - Online support to sub nationals and Juba based partners
  - Key focal point for gFSC Joint Monitoring Framework;

New entrant NNGO:
- Viola NNGO co coordinator (returned from maternity leave
- Quarterly meetings
- BUT loss of new NNGOs since COVID 19 and reverted to online platforms!!
