FSNMS & Weather Update

19 August 2020
FSNMS Round 26 Update
FSNMS Round 26 Update

• To cover entire country i.e. approx. 8,532 households
• Multi-sectoral information to be collected
  • Food Security
  • Nutrition
  • Education
  • Shelter and NFIs (SNFIs)
  • Camp Coordination and Camp Management (CCCM)
  • Protection
  • Health
FSNMS Round 26 Update contd.

• SOPs have been developed to cater for COVID-19 and teams will be equipped with necessary resources and equipment e.g.
  • A training session on COVID-19 sensitization
  • Flyers about COVID-19
  • Face masks (branded)
  • Sanitizers

• Nutrition Section
  • Other sections of the nutrition questionnaire will be administered e.g. IYCF, Child nutrition & health etc.
  • Anthropometric measurements will be administered via Family MUAC to ensure there is no contact between the enumerators and the household
Timelines

**August:** Enumerator training in the field

**September:** Data Collection

**October:** Data analysis & IPC analysis

Rainfall forecast: August to October 2020
Temperature: August to October 2020
Flooding

- Jonglei State
  - Bor South
  - Twic East
  - Pochalla
  - Ayod
- Unity State
  - Panyijiar
- Lakes State
  - Awerial

- Most of the flooding caused by heavy rains and rivers bursting their banks

- Recipe for flood-related disasters
  - Heavy rains
  - Broken dykes
  - Settlements near water bodies (sources of water, livelihoods, transportation)
  - Weak disaster management structures
Implications of floods

• Displacement and loss of lives (human & livestock)
• Destruction of crops
• Destruction of infrastructure e.g. roads, markets etc.
• Disruption of livelihoods e.g. agriculture, trade etc.
• Water-borne diseases (as WASH conditions deteriorate)
• Insecurity – the displaced, migrating communities are susceptible to cattle raiding, looting etc.
• Conflict – as displaced populations move in search of higher and/or dry ground, they sometimes encroach into the lands of neighbouring communities, resulting in conflict e.g. between farmers and herders.
Thank you
