Rohingya and host communities remain vulnerable, with overall vulnerability of both populations increasing in 2020 (WFP REVA4). Food Security Sector (FSS) partners are targeting 100% of Rohingya population living inside the camps and 330,401 host community individuals in Ukhia and Teknaf upazila to improve communities’ food security and resilience. In July, partners’ activities were impacted by stringent COVID-19 lockdown measures which resulted in a decline in livelihood support for host communities. New e-voucher food outlet and Fresh Food Corner (FFC) was rolled out in one camp location, increasing the total number of e-voucher outlets to 22 and FFCs to 16 across the camps. 22% of Rohingya population who are most vulnerable received fresh food voucher assistance ($3 top up) to purchase additional food from FFCs.
