

# MYANMAR: Food Security Cluster Partners' Presence Map

January to June 2021

This map indicates the areas where Food Security Cluster (FSC) partners' projects are being implemented at the moment. It is based on the FSC 5Ws matrix, hence it reflects only the activities of the organizations that have agreed to share their 5Ws information with the sector. Actors who are not listed and who are currently conducting food security activities, we encourage them to share the matrix with the FSC. Since projects can finish or start at any time during the year, this mapping will be shared regularly in order to have a realistic and up-to-date version of the current situation.
