

Ad-hoc Livestock Technical Working Group Meeting

June 09, 2023

Agenda:

- **Overview of implementation modalities of the community-based animal health programme (CBAHP)**
 - **Strengthening the enabling environment for community animal health workers through development of competency and curricula guidelines**
 - **CAHW CASE STUDY - Training, competency, sustainability**

Development of the agenda

1. CBAHP - implementation modalities (VSF-S)	Next Steps / Action points
<p>VSF Suisse in partnership with VSF Germany implemented a two years project World Organisation for Animal Health (WOAH, founded as OIE) and VSF International Joint project.</p> <p>Bureau of Humanitarian Assistance (BHA) of USAID supported this project on Community based animal health was presented in detail. VSF-S is conducting in-depth case studies (including field visits and stakeholder interviews) of CAHW programmes and success and failure factors.</p>	<p>LTWG partners to share their comments and feedback on the project</p>
2. CAHW CASE STUDY - Training, competency, sustainability	Next Steps / Action points
<p>The community Animal Health Workers' case study format was presented and shared with the participants, with the expectations to receive feedback on the format, for improvement and value addition.</p>	<p>LTWG Partners are encouraged to share with VSF-S, should they have any similar training guidance note, manual format or reports, directly to VSF-s Colleagues.</p>
