The boundaries and names shown and the designations used on this map do not imply official endorsement or acceptance by the United Nations. Dotted lines represent actual Line of Control in Jammu and Kashmir agreed upon by India and Pakistan. The representation of the status of Jammu and Kashmir has not yet been agreed upon by the parties.
FS Emergency Response Preparedness Plan
2017
Summary of stocks available and accessible during monsoon (15 June – 30 September):

- 8151 metric tones of food items are available with WFP which can meet the need of around 77000 families for three month.
- FSC members do not have any agricultural input stocks available in the country and there is a funding gap for that.
- There is no stock available in the country to be used for livestock restocking.
- The procurement plans and list of vendors are ready to be contacted in case of emergency to provide immediate livestock vaccination and inputs support.
Response Capacity

- Overall 25 humanitarian organizations including 17 national NGOs, 6 International NGOs, 2 UN Agencies and PRCS.
- These organizations can also perform their role in any assessment in case of any emergency.

Challenges

- The Food available is for a very limited number and procurement for more affected has a lead time of 15 to 30 days.
- FSC members usually need some time for the procurement of certified seeds.
- The FSC members usually require a minimum of 15 days to one month lead time for starting the intervention, because of the non-availability of stock.
The map shows the organizational capacity of Food Security Cluster in Pakistan in case of sudden onset of any Emergency. It shows number of member organisations per district who can respond to the Emergencies based on the information compiled in May 2017.

Updates
Meeting WFP and IRP. It was suggested that P&D Department can lead the FSWG in order to ensure more effectiveness and ownership at all level.

Meeting was conducted with Chief Foreign Aid and Chief Health & Nutrition-Planning and Development Department.

Food Security Focal Point has not been appointed in SUN Secretariat. Chief Health and Nutrition from P&D will lead FSWG and WFP will act as Co-lead. Other government line departments will be invited to be a part of FSWG.

4Ws Matrix has already been shared with the organizations working in food security and livelihoods in Balochistan. The information is being collected.
Thank you!
