DISCUSSIONS

(1) Inter-cluster Mission to Support Country Clusters (South Sudan and Yemen):

- a. ICNWXG planned to have at least two country mission to support the integrated FS/Nut response. South Sudan and Yemen have expressed interest. This is also in line with the joint integrated famine response country workplans that have been developed following the Rome Meeting on Four Famine-affected countries in April 2017.
- b. South Sudan team (Nut, FS, Health and WASH clusters) proposed that the mission takes place during the 1st and/or 2nd weeks of December 2017.
- c. Cyril is to join the mission if it is in December. JC and Patricia to discuss with their global cluster coordinators on the possibility to join the mission.
- d. The ToR for South Sudan visit (attached) has been drafted a while ago and needs to be revised considering that the mission is going to be after the HNO/HRP period to reflect an operational support to partners. Ayadil will get in touch with South Sudan team and Cyril/Domitille will look at the ToR.

- e. Patricia informed the group that Linda Doull (GHC Coordinator) is travelling to Yemen, 13-18 Sep (supposed to be a joint GHC-GWC-OCHA mission focussing on Cholera response but OCHA and GWC did not get Yemen visa) and can discuss with the cluster teams there (Nut, FS, WASH and Health + OCHA). It is a good opportunity to see how we can have a joint planning for WASH, Health, Nut and FS clusters. We need to come up with the ToR and share the ICNWXG workplan and joint workplan for Yemen. Then we could have a quick discussion with Linda before she leaves.
- f. Participants were updated on how ICNWXG decides on the country visits.

(2) Nutrition-sensitive training package.

- a. The draft outline for the workshop was received;
- b. ICNWXG members and participants at the workshop provided comments;
- c. Ayadil shared comments with the consultant;
- d. There is a need to discuss and finalise comments and provide additional guidance to the consultant;
- e. There is a need to organise a separate call (Kate, Domitille, Andrea, Cyril and Ayadil) to validate the comments and discuss next steps.
- f. All ICNWXG members to provide comments, if any.

(3) GNC Annual Meeting – presentation/session of the ICNWXG:

- a. It is important for the ICNWXG to make a presentation or to organise a session at the GNC Annual Meeting, 10-12 October 2017 in Geneva: what ICNWXG is about, ToR, Workplan, inter-cluster training package and see what support is needed from the global level (gFSC and GNC) based on the brainstorming with country coordinators.
- b. Ayadil to prepare a submission and send to the GNC.

(4) General updates

- a. The ICNWXG Secretariat moved from gFSC to GNC;
- b. Chairs (Kate and Damien) to continue until December 2017 gFSC meeting

(5) Next Teleconference : Next meeting planned on the 3rd of October 2017
