In May, WFP responses constituted 75%, CARE 8%, WV 7%, SCI 4%, ACTED 3%, and the remaining 4% was provided by QRC, ACF, NRC, FAO, SIF, Mercy corps, SOS, AADSOM and DRC combined. Responses in Banadir, Lower Shabelle, Middle Juba and Nugaal are less than 20% of the target. For Middle Juba the main challenge is access difficulty due to control of militia while in Banadir, Lower Shabelle and Nugaal, the main challenge is shortage of funding. The districts with no response in the above map had a target but no response reached. Over 1.3 million people are excluded from assistance due to funding shortfalls.

Notably, people assisted with unconditional transfers are mostly those in IPC 3 or worse who experience significant consumption gaps.
