FSC PARTNERS MEETING MINUTES
28th February 2022
Mode: Virtual - Zoom

Meeting Agenda:

1. Opening Remarks (MoAI, MoHADM and MoLFR)
2. FSC Response Updates
3. MoHADM Updates
4. Inclusion Updates
5. AOB

Action points

1. FSC to ensure that Candle for Hope is included in the mailing list so as to ensure they get regular updates for the cluster.
2. FSC to circulate email requesting partners to share their targeting criteria.

Opening Remarks

Mr Abubakar from the ministry of Humanitarian Affairs and disaster management (MoHADM) opened the meeting. He appreciated the partners for their engagement and continued collaboration with the cluster. He underscored the need for concerted efforts specially during this time of the severe drought in the country.

1. FSC Response updates

FSC updated the partners on January responses and the drought specific responses. The detailed presentation on the response can be accessed via the link below.

- In January 2022, 1,258,643 people have been reached with food assistance. This is 40% achievement of the target which is 3,143,018 individuals. FSC response in Awadal, Banadir, Bay, Hiraan, Middle Shabelle, Lower Shabelle, Togdheer and Woqooyi Galbeed region was below 30% of the planned targets. In February 2022, there is need for scale up of responses.

- Under livelihood support, partners have assisted 185,458 people. This is 17% achievement against the HRP target which is 1,104,830 individuals.
2. **MoHADM Updates**

The ministry of Humanitarian Affairs and Disaster management updated the partners on the drought situation, the population and the regions affected and the responses undertaken so far. MoHADM called on the humanitarian actors for urgent response on the drought. The situation is expected to worsen in March ahead of the expected rains in April 2022. The presentation from MoHADM is available on the link below.

3. **Inclusion Updates - FSC**

- FSC working with GTS to set up community complain response mechanism (CRM). And looking for ways to train partners how to set up community feedback and complain response mechanism.
- Discussion on issue around inclusion. MRG did an assessment, and it has been noted that our inclusion process is not very strong and there is need of more of community engagement to enhance inclusion and targeting.
- Partners are reminded to enhance systems to ensure transparency in targeting so that the most vulnerable, marginalized and minority groups are included in targeting.
- There is need for partners to review targeting methodology. FSC is working on targeting criteria for households and will be shared with partners once finalized.
- Establishment of safe and responsive community feedback mechanism. FSC partners should make sure we are consulting with communities to make sure which mechanism is easier and safe for them.
- FSC is undertaking a series of trainings for partners on AAP in selected locations. Partners in those locations are advised to participate the trainings.
AOB

- FSC will circulate email requesting partners to share their targeting criteria.
- Partners with lessons learnt on key FSC topics are requested to share with the cluster so as to be included in the agenda in the coming monthly national FSC meetings.

There being no other OB, the meeting was adjourned.
