This map shows how many FSAC partners have reported emergency food assistance activity in each district for August 2021. Darker colors show a higher number, and lighter colors show fewer partners in the district. Districts in white have no reported emergency food assistance activity for this month.

* FSAC partners present in all northern districts, but did not deliver assistance in August due to constraining factors leading to distributions taking place once every two months.

* The Number of FSAC Partners per district indicates presence of organizations/agencies without repetition, regardless of whether they operate independently or as an implementing/cooperating partner.
